## 175 GUESTS FLEE FLAMES

Fire Licks Up Blue Mountain Summer Hotel at Penmar, Pa.

ALL GET OUT IN SCANTY ATTIRE

Two Fall Through Trap Door Into Flame-Swept Hall—Badly Burned.

Philadelphia, Aug. 5.—The Blue Mountain house at Penmar, on the Pennsylvania-Maryland line, was destroyed by fire today, two guests being seriously injured. They are B. F. Metzgar and Malcolm Frank, of Norfolk, Va. The men were badly burned and bruised in attempting to escape. They were on the fourth floor and were rescued when they had gotten to the second. They were taken to Waynesboro, Pa., in an automobile.

The fire started at 5 a. m. in the main building, driving the guests to the lawns in scanty attire. Some of them were unable to save their belongings. The building was quickly destroyed and it was impossible to save anything in the way of furniture.

The fire had its origin in the kitchen and quickly spread to adjoining rooms and halls, thence to the elevator shaft and the floors above. There were 175 guests in the hotel. Metzgar and Frank, who are uncle and nephew, did not hear the alarm which aroused the sleeping guests. They found themselves surrounded by fire in their room on the fourth floor and in their frantic effort to escape they fell through a trap door into a flame swept hall and were seriously burned about the face and head.

The hotel was built by the Western Maryland railroad company twenty-five years ago and in its day was one of the best known mountain resort houses in the country. It was owned by a Hagerstown corporation. The loss is about $200,000.

**BABES THROWN FROM WINDOWS.**

**Dedraggled Guests Reaching Baltimore Tell of Experiences.**

Baltimore, Md., Aug. 5.—About one half of the guests at the burned Blue Mountain house were Baltimoreans. A score of those clad in garments of all descriptions returned to the city on a morning train. So swift was the progress of the flames that none of the party was able to save any of their jewels or clothing. It is estimated that more than $100,000 worth of jewelry was lost.

Mrs. B. Lobe of Eutaw Place, gave a description of the first stages of the fire: "It was awful," she said. "I saw babies thrown out of windows. We were aroused from our sleep by the sharp reports of a pistol and some one crying to run for our lives, as the hotel was

**HEART ATTACK DUE TO EXCITING CROQUET GAME.**

St. Paul, Ind., Aug. 5.—Dr. E. M. Howard, a well known physician and formerly state senator, suffered an attack of heart trouble following an exciting game of croquet, his favorite sport. The attack lasted for almost an hour and he still was in a weak condition today.

## MAURY DIGGS IS PLACED ON TRIAL

Sensational Case Opens in District Court at San Francisco.

CAMINETTI'S LATER

San Francisco, Aug. 5.—The trial of Maury I. Diggs, of Sacramento, charged jointly with Drew Caminetti with violation of the Mann white slave law, was called today in the United States district court. The trial of Caminetti is to follow that of Diggs. Both pleaded not guilty to the charge July 30.

MAURY I. DIGGS.

Diggs is specifically accused of having transported Marsha Warrington from Sacramento, Cal., to Reno, Nev. Another indictment charges Diggs and his Sacramento attorney, Charles B. Harris, with conspiracy to suborn perjury

in preparing his defense to the charge of wife abandonment, on which both Diggs and Caminetti were brought back to Sacramento from Reno.

Theodore Roche, president of the San Francisco police commission, appeared today as special prosecutor for the government, having been named by Attorney General McReynolds after former United States Attorney McNab had resigned following his controversy with the attorney general over the latter's order to postpone action on the Diggs-Caminetti and Western Fuel company case.

## POLICEWOMEN ON DUTY IN CHICAGO

Clad in Nifty Tailor-Made Suits of Blue and Hats With Blue Band.

WEAR SILVER STARS

Chicago, Aug. 5.—Chicago's ten policewomen, clad in modest blue tailor-made suits and wearing silver stars and hats with blue bands, went on duty today. Their work will be mainly to look out for women and children. The details of their duties and powers have been worked out by a committee of women social workers and the chief of police.

The chief had considered assigning the policewomen to stations in the red light districts, but it was decided they would be of greater service in the public parks and other places of recreation.

The policewomen will visit the public dance halls, excursion boats, beaches and

## LIND OFF TO MEXICO CITY

Personal Representative of President, Unofficial Ambassador.

AWAIT TENOR OF HIS RECEPTION

No Further Steps Will Be Taken Until Minnesota Man Gets on Job.

Washington, Aug. 5.—Former Governor Lind of Minnesota, on his way to Mexico City at the direction of President Wilson to act as adviser to Charge Shanghnessy at the embassy there, may take passage from Galveston to Vera Cruz on the battleship New Hampshire, one of the ships of the gulf patrol, if he desires to do so. The navy department has not yet been asked to provide a ship but is prepared to do so on account of the demoralized condition of rail traffic on the overland route to Mexico.

While Mr. Lind goes without credentials, he practically will exercise the functions of a de facto ambassador. Officials here will await with much interest the tenor of the reception to Mr. Lind in the Mexican capital.

**No Further Steps Now.**

Meanwhile the Mexican situation, so far as Washington is concerned, seems to be a waiting one. No announcement of policy or further steps will be taken by President in the Mexican situation until Former Governor John Lind of Minnesota, personal representative of the president, arrives in Mexico City and familiarizes himself with conditions there.

This was made clear at the white house today. Mr. Lind carries instructions to talk with prominent Mexicans. Administration officials indicated that no steps toward a mediation policy would be attempted until after Mr. Lind had sounded out sentiment in Mexico and determined whether the assistance of the United States in adjusting the dispute would be offered.

Mr. Lind will inform inquirers, on the authority of Pre-ident Wilson that only the government constitutionally set up would be recognized by the United States. This will involve the resigna-

## DEMOCRATS NOT A UNIT ON CURRENCY

Hoke Smith Forces Senator Owen Off Floor on Point of Order.

STIRRED BY CLASH

Washington, Aug. 5.—The first skirmish over currency legislation in the senate today served to accentuate the division of opinion among democrats. Senator Owen, chairman of the banking committee and sponsor for the administration bill in the upper chamber, was forced off the floor by Senator Hoke Smith, also a democrat, while he was attempting to reply to an attack on immediate legislation delivered by Senator Hitchcock of Nebraska, another democrat. Senator Smith's point of order that the tariff and not currency was before the senate forced Mr. Owen to yield but he answered he would reply to Mr. Hitchcock's speech later.

Senator Hitchcock said advocates of this bill at this time evidently go on the theory that if a business disturbance is to result from a passage of the tariff bill, it can be cured by creating a banking disturbance to last a year or more.

"I believe the mere agitation of the banking and currency question at this session has been a mistake. I believe the plan of attempted banking and currency legislation at this session should be dropped."

He suggested that the Vreeland act to meet emergencies should be amended "but we should not undertake to revolutionize our whole banking and currency system in pell-mell haste which its advocates demand."

Senator Owen expressed surprise at Senator Hitchcock's attitude urging delay "without giving a single reason for his course."

"The bill presented," he added, "contains no new ideas. Every idea in it is as old as the hills."

He referred to the Bank of England as affording precedents for his bill and had begun to speak of the approval of the bill by Professor Charles J. Muller, of Harvard university when on Senator Hoke Smith's motion the vice president ruled him out of order. Democratic leaders were stirred by the clash.

**WILL OPEN UP NEW LANDS.**

Washington, Aug. 5.—President Wilson, by proclamation, has authorized the disposal under the registration plan of about 1,000,000 acres of surplus land within the Fort Peck Indian reservation northeastern Montana. All applications for registration must be sworn to and presented at Glasgow, Great Falls, Harve or Miles City, Montana, between Sept. 1 and 20.

Secretary Lane of the interior department has issued regulations authorizing the disposal, under the registration plan, of about 44,000 acres of land within the former Fort Niobrara military reservation, Neb. Applications must be presented at Valentine, Neb., between Oct. 13 and 25.

## RAN RESTAURANT HERE MANY YEARS

Christian Entemann, Well Known Here, Dies at His Home in Toledo.

WAS 73 YEARS OF AGE

Mrs. Lena Mergel, of this city, has been called to Toledo by the death of her father, Christian Entemann, a former prominent resident of Fort Wayne, who passed away Sunday afternoon at the age of seventy-three years. Death was due to Bright's disease, from which he had suffered for some time.

Mr. Entemann at one time operated a restaurant in Fort Wayne and for years was located on East Main street, between Clinton and Calhoun. He disposed of his interests here, however, about twenty years ago and moved to Toledo. He was a member of Phoenix lodge, No. 191, Knights of Pythias, of this city. Surviving besides the wife he leaves two sons, Ernest and Charles Entemann, of Toledo, and one daughter, Mrs. Lena Mergel, of Fort Wayne.

Funeral services will be held Wednesday afternoon from the residence, in Toledo, and interment will be made at Forest cemetery.

Mr. and Mrs. Tom Geake, of South Harrison street, and Mrs. B. F. Carter accompanied Mrs. Mergel to Toledo to attend the funeral. Mrs. Geake is a granddaughter of the deceased.

## RALSTON OFF ON FIRST VACATION

Governor, 56 Years Old, Always Too Busy to Take 'Em Before.

IS TAGGART'S GUEST

Indianapolis, Ind., Aug. 5.—Governor Samuel M. Ralston to-day started on the first vacation he has ever had—and the governor is 56 years old. He will spend two weeks at the summer home in Massachusetts of Thomas Taggart, democratic national committeeman from Indiana.

The governor has always been busy. As a boy he says the school vacation meant more work on the farm for him, and as a lawyer, at first he was too busy building up his practice to take a vacation and later was so busy with his practice that he didn't have time for a vacation. Since becoming the state's executive Mr. Ralston has had the legislature, the spring floods and naming of various commissions created by the legislature to contend with and has been kept close to the office. The governor was accompanied by his wife and little daughter, Ruth, and says he is going to do nothing but rest.

**FUSION FORCES PLEASED.**

McAneny Will Accept Fusion Nomination in New York City.

New York, Aug. 5.—The fusion forces who last week nominated an anti-Tammany ticket headed by John Purroy Mitchel, collector of the port were pleased by the announcement by George McAneny, president of Manhattan borough, that he will accept the fushion nomination for president of the board of aldermen. Mr. McAneny was one of two candidates for the mayoralty nomination, defeated by Mr. Mitchel, and there had been some doubt as to his acceptance of a subordinate place on the ticket.

## SHARP CLASH WITH POLICE

Running Battles in Street Mark Teamsters' Strike at Cincinnati.

CROWD THREATENS; OFFICERS CHARGE

Strikers and Sympathizers Taken on Disorderly Charge.

Cincinnati, O., Aug. 5.—Running battles between striking teamsters, sympathizers and the police early today ended in the arrest of twenty-two of the strikers and sympathizers on charges of disorderly conduct. Hundreds of the strikers and sympathizers gathered at the Kroger grocery at Florence avenue and Eden park and threats to burn the plant were overheard by a night watchman so it is claimed. He telephoned to the police and a squad of detectives and uniformed officers were rushed to the place.

When the automobile patrol arrived it was stoned and several holes torn in the roof. The police drawing their revolvers, charged the men. Fully 100 of the latter fled but seven were arrested after a hand to hand fight with the police.

Hardly had the police returned to Central station when another riot call was received from the same place. Taking a squad of night detectives in an automobile patrol Night Chief Stegner swooped down upon the crowd of fully 200 men who scattered in all directions.

The police succeeded in rounding up fifteen men. They registered as drivers and teamsters and all said they "just happened" to be in the neighborhood.

## HOT CAMPAIGN AT SOUTH BEND

Citizens' Movement Looms Large in Situation There, Also.

MANY IN PARTY RACE

South Bend, Ind., Aug. 5.—With meetings in all sections of the city, South Bend's first municipal primary campaign will come to close tonight. Democrats, republicans and progressives will choose their candidates for the city offices tomorrow while the supporters of the citizens movement will name their ticket Aug. 23 and the socialists Aug. 15.

Interest in the primary centers in the democratic nomination for mayor as there are six candidates, while only Lewis C. Landon seeks the progressive nomination and James H. Loughman, the republican. Landon was ordered out of the progressive central committee but has refused to quit.

Patrick A. Joyce, city comptroller and the democratic administration candidate seems to be leading the field. The other candidates are Charles Weidle, state representative who is running on an anti-boss platform; Nelson H. Keysen, deputy state factory inspector; Reuben Fink, city councilman, John T. Niezgodski and Chris H. Ward.

## DRAMATIC SCENE AT SEA WHERE BONES OF TITANTIC LIE.

This photograph was taken aboard the liner Franconia during the memorial services on board, at the spot where the Titanic went down. It shows the passengers assembled on deck while they sang "Nearer My God to Thee."

A wreath made of leaves from the English garden of William T. Stead, the editor who went down with the Titanic, was cast into the sea at the request of his children, who commissioned Miss Kate Stevens, long associated with their father in his reform work, to perform this tribute to their beloved dead.

*Keeping Cool at the Lake*

FORMER Mayor H. C. Berghoff sat in one of the comfortable seats of the G. R. & I "Pond Lily" train as it sped northward from Fort Wayne, and smiled with a contented smile as he gazed from the car windows out upon the fertile fields. He was bound for Rome City on one of his frequent trips to the family cottage.

"I wonder," said he, as he looked down at a bulky package at his feet, "why someone has not thought of it before," and then, after a moment's reflection, "I wonder why I, myself, didn't think of it before."

In the package was an electric fan. Mr. Berghoff had bought it to take up to the cottage to provide a cooling breeze on the hottest of days, thus adding to the summer outing one of the great modern luxuries of the home. "They will be everlastingly thankful," he soliloquized, "and probably everyone along the beach will be following my example."

Fred Berghoff, his son, was at the station when the former mayor stepped off.

"What have you got in the bundle?" he asked.

His father removed the paper and displayed the fan. It was its own answer.

"Where did you get it?" asked Fred.

His father told him.

"What does one like that cost?" was the next question.

Fred was given the information.

"Did you buy it today?"

He did.

"What make is it?"

They looked at it and found out.

"What is the diameter?"

They estimated it.

"Are we going to have it at the—"

"Sax," said the former mayor, "don't you know how to do anything but ask questions?"

"Yes," said Fred, "but I'd like to ask just one more."

"All right—go ahead."

"I'd like to know," said Fred, "what on earth you're going to attach it to?"

For a moment there was a deathly silence, and then the possessor of the fan said, "Well, do you know, I never thought about that," as he realized his cottage was not equipped for electrical appliances.

There was a deathly silence.

# HUNTINGTON HAS ECCENTRIC BOOZE

## Bob Decker Loads Up, Comes Here and Gives Unique Performance.

### IN THE CITY COURT

"If you had got on the street with that spittoon on your head you'd have been in an insane asylum by now," said Judge Mungovan to Bob Decker in the city court this morning.

"It was that Huntington booze that did it. I'm off that stuff for good. I can prove it if you give me a chance," pleaded Decker.

Decker came in from Huntington on the 3 o'clock car yesterday afternoon and brought with him a carefully cultivated and most shapely jug. When the conductor tried to awaken him at the interurban station Decker refused to come out of dreamland and Officer Paul was called into the car. When Decker was finally aroused he reached to the floor, picked up a heavy iron spittoon that had been doing duty overtime and jammed it upside down at a rakish angle on his head.

The spittoon was taken away from him and his hat put on his head, but Decker had formed a tender attachment for that spittoon and he possessed himself of the democratic receptacle once more and toted it affectionately from the car, and refused to part with it. He was so mellow Officer Paul sent him in to stiffen up a bit. Judge Mungovan let him go with a warning to beware of the Huntington brand of jingler and to look out for the keeper of the "queer college."

**Nearly Cleaned Him Up.**

When Theodore Carbone, a wop who has been over just long enough to learn that American coin, like the circulating medium of his native land, is good to have, but not long enough to learn any English, got through settling in the city court this morning his $47-roll looked as though it had come through a brace game. Last evening about 6 o'clock Mrs. Daniel S. McCarthy, 1715 Hoagland avenue, dropped her pocketbook at the corner of Hoagland avenue and Bass street. A few minutes later Carbone came along and picked it up. He went to his rooming place at John Mike's, corner of Bass and Fairfield. Two women had seen him pick up the pocketbook and reported to Mrs. McCarthy. She tried to get it back, but Carbone denied having it and Plainclothesman Junk was sent out following report to headquarters. After a fruitless search by the officer, a little girl in the rear of the Mike house reported that the purse had been thrown from an upper window by a man. The purse was empty, but was identified as Mrs. McCarthy's and Carbone was identified as the man who had thrown it to the ground. He was arrested and had $47.70 at the time. In police court Carbone was convicted by overwhelming testiomny. He was fined $10 and costs, $29 in all, and compelled to return $8.75 that he had taken from Mrs. McCarthy's purse. He paid up and went his way, pretty well cleaned.

**On a Long Water Wagon Ride.**

Charles Lotz, arrested for drunkenness, pleaded to the court that it was the first time for eighteen years that he had sought the companionship of his erstwhile friend, John Barleycorn, and said he would go another eighteen years if given a chance, and Judge Mungovan helped him aboard the water wagon and bade him god speed on his long ride.

**Other Police Court Cases.**

Clark Patterson and Art Rodebaugh, arrested on complaint of Amede L. Dodane for disorderly conduct at his grocery, 1601 Wells street, were allowed to go, it being shown that they had been greatly provoked by the man whom they arrested has caused much complaint and they were warned.

William Baker, arrested for train climbing on the Pennsylvania, was found to have run away from an institution at Plymouth. His home is in Veedersburg, Ind., and he was held for inquiry. The youth is evidently a defective.

John Conners, who was drunk and making a disturbance about Hope hospital, said he would go as the crow flies for Pittsburgh if set wwith his face that way, and if he didn't lie to the court, is by this time beyond Indiana jurisdiction.

"Beans" Crawford had recovered from his drunk and was let go.

## CITY BREVITIES.

George Kuntz and Harry Leonard left today for Lake James where they will remain two weeks. They have purchased a fifteen-horse power gasoline boat for use during the vacation.

Louis Limecooley, clerk at the Wayne hotel, returned last night from a two weeks' vacation trip.

William Bartenick made the lowest bid for an addition to the mail room at the postoffice and it is thought that he will get the contract. Postmaster Hanna has sent the bids to Washington.

## "DOES IT PAY?"—BY EVELYN NESBIT THAW

EVELYN NESBIT THAW AS SHE IS TODAY.

(Editor's Note.—When Evelyn Nesbit Thaw, returning to the United States a few days ago, to appear on the stage where all who know her story may see her at so much per head, the press agents gave out various interviews intended to help the box office receipts. But to Mary Boyle O'Reilly Mrs. Thaw gave her only real interview—told of the things next to her heart, of the philosophy of life she herself has learned from dark experience; told frankly what she thought when Miss O'Reilly asked her just as frankly, "Does it pay?")

(By Mary Boyle O'Reilly.)

New York, Aug. 5.—Evelyn Nesbit, center and incentive of the world-famous Thaw scandal, greeted me with a prim little nod. Her transparent orange muslin gown emphasized a girlish figure, slight to the point of frailty. No longer incontestably beautiful, her hazel eyes large and long, her piquant, carefree face now subtly defiant, give her still a beauty of the footlights and the studio.

The Brevoort hotel's open windows admitted currents of humid air. Across the street the July sun smote hotly on a gilded sign reading, "Working Women's Protective Association."

"You see, I've come back to where I should have started," said Miss Nesbit, who is Mrs. Harry K. Thaw who was. "Goodness knows I have been through a great deal, live a great many tremendous experiences. And I've learned this:

"In order to do anything properly a woman must work, she cannot just play. The great trouble with Broadway is that it looks like a playground to the young girl from Oshkosh or Kalamazoo. As a matter of fact, with the illusion of childhood still upon one, it is impossible to realize, impossible for the young girl to see, things as they actually are. Knowledge comes only through experience. And then it is usually too late!"

Pausing, Miss Nesbit laughed, not a pleasant laugh, although the red lips disclosed two rows of pearly teeth. Troublous years have not dealt lightly with "Flossie, the Fuss of the Floradora Quartet."

Grace of carriage and exaggerated clothes do not conceal the ravages wrought by passage along the easiest way. The pleading eyes have grown shrewd, the large, uniirm mouth has coarsened, the girlish ingenuousness become cynical. From behind persistant pathos of look and manner the real Evelyn Thaw looks at you constantly with a furtive watchfulness of a woman grown suspicious of the world.

"I am thinking of your question," mused Miss Nesbit, chin on open hand. "Does it pay?"

"Well, take my experience, for instance. Let the average woman put herself mentally in my place at the same age. I was fourteen when I came to New York to make a good living for my entire family. Every one knows what happened to me—the story is notorious—but I am not the only one.

Broadway is full of other girls, some of whose stories are 10,000 times worse than mine. Do they 'pull out?' That depends. It is a survival of the fittest. No woman with ambition can burn the candle at both ends and make any progress. Neither on the stage or anywhere else. Hundreds of them go down—down. Then they figure among 'the missing.' No need to ask them if it pays

"Perhaps one in ten marries—it is a case of good luck when they do. They are glad to disappear, thankful to live humdrumly. Take it from me that they make good wives. For they know that decency pays!

"Why, I never knew what real work meant till after the first trial. When my husband was in the Tombs I had a tutor every day for four hours till I had finished the Columbia course in literature. Really I am a deep reader—a great philosopher. I have read all the philosophies.

"Why don't the schools teach children how to stick to it instead of a smattering of ologies? It's the girl who never learned to work who gets into trouble. Every one uses her and abuses her.

"I have gone back to do what I always could do—dance. I must work to live! And work comes harder when you have learned to drift along Broadway. I think of all the girls who lose out in the great white way just because the people who care don't use common sense.

"They talk and talk about the white slave business. What they ought to do is this:

"When a woman is arrested the man should be arrested, too, and get the same publicity. It takes two to make that bargain. It has always struck me as peculiar that the city and the state, knowing where women get that money, take it in open court. I don't question the law must put such women away. It may be all right to punish them, but not to take their money by way of fine. Some of them were born wrong; most of them never had a chance. If they could earn godo wages they would—take it from me!"

Absorbed in her argument, Evelyn Thaw unconsciously proved her claim. The too-large ear, the thick thumbs, the oriental eyes, the primitive taste for pleasures of the senses, all were significant stigmata.

Intelligent, ambitious, lazy and deeply egotistic, only an alert conscience and a training for honest work could ever have protected Evelyn Thaw from herself."

# VOTERS TO NAME COMMITTEEMEN

## Precinct Representatives to Be Selected at Ward Mass Meetings

### OF THE INDEPENDENTS

Announcement is made today by those who are working for the perfection of the citizens' non-partisan organization in Fort Wayne that all precinct committeemen to serve as members of the city central committee, are to be selected by independent voters, at mass meetings to be held next week in the different wards. The voters will themselves select their precinct representatives, just as the voters some time ago held mass conventions and named the joint committee of thirty to make arrangements for the inauguration of the non-partisan campaign.

Those who attend the ward meetings will first select their candidates for council and complete all other arrangements for the separate ward organizations. After this has been done, the meeting will divide into precinct organizations, for the purpose of naming their men as representatives on the citizens' city central committee. These meetings will be held after the committee of thirty, in a special session shortly, names the time and place for holding them.

**Aiken to South Bend.**

A committee representing the non-partisan organization in South Bend, came to Fort Wayne Monday afternoon and personally invited Judge John H. Aiken, who presided as chairman of the mass meeting last week, to address the independent voters of South Bend at a meeting to be held next Friday night. These representative citizens of South Bend told Judge Aiken that their city is enthusiastic over the proposed plan to take politics out of city affairs and the citizens' campaign will be launched at the meeting to be addressed by Mr. Aiken. The South Bend men also told Mr. Aiken that all eyes throughout the northern part of the state have been turned in the direction of Fort Wayne and that the people of this city are being favorably commended for the steps already taken in warring on party rule and attempting to rid the city of a system of government that places party affairs before the best interests of the municipality.

**Some Campaign Facts.**

Men who are working for the straight ticket success in Fort Wayne, and who are bringing all sorts of false charges against the non-partisan supporters, are asking why the citizens who favor the non-partisan ticket did not place their candidates in the primary election. In reply to this query, the independent voters declare that a non-partisan ticket, under the law, could not have been entered in the primaries.

"No party is eligible to place a ticket in the municipal primaries, unless it cast 10 per cent. of the total vote at the preceding election," said a well known attorney this morning. "The citizens' organization was not even in existence when the primaries were held, and if it had been completed at that time, it could not have been entered according to law If it had been entered and the candidates voted upon, the result would not have been legal."

**Colored Men's Meeting.**

A general call to the negro voters of Fort Wayne has been issued for a mass meeting of colored men, to be held Wednesday evening at the assembly room of the court house. The committee in charge of the meeting is composed of Silas Miles, Thomas R. Nesbitt Elias Bassett, S. J. R. Peters, Henry B. Bledsoe and J. S. Richards. Prominent men associated with the citizens' non-partisan movement will address the meeting, which is open to all who care to attend.

John J. Corcoran, the well known linotype operator, left today for Chicago to spend a week as the guest of his sister and other relatives in that city.

# FAIRFIELD NOW OPEN TO TRAFFIC

## Track Elevation Work is Completed and Bars Are Down.

### THE MUNICIPAL NEWS

Work on the Fairfield avenue subway at the Wabash tracks was completed today by the Moellering Construction company and the blockade that has stood against traffic on that thoroughfare for four months was lifted. The work was greatly retarded by the delay of the Wabash railroad to get the bridge work finished. That was done last week and the Moellering company rushed the completion of the paving under the tracks. Roadway and sidewalks are completed and traffic may use the street without restriction.

The next subway job to be taken up by the city will be at the Broadway subway of the Wabash. That street will be closed early next week to vehicular traffic and later for a time to street cars. The Wabash has completed its abutments there, and the city has refused to close Broadway to begin its work until Fairfield avenue could be thrown open, as both great north and south arteries cannot be spared at the same time. The board of works says that the Broadway work will be completed by Thanksgiving.

**BOARD OF WORKS MEETING.**

At Monday afternoon's regular meeting of the board of works, plans were approved and resolutions adopted for the construction of a five-foot cement walk on the north side of Kinnaird avenue, from Fairfield avenue to South Wayne avenue, and for the paving of Calhoun street, from Rudisill avenue to McKinnie avenue.

The board referred to the city engineer the plat of Grassmere Heights addition, adjoining the new Driving park addition.

William H. Dunn was awarded the contract for furnishing 1,000 tons of No. 8 Pittsburg coal to the city garbage crematory on his bid of $1.25. per ton.

**NOTES OF THE CITY HALL.**

Columbia street business men to the number of twenty-five have asked the board of works to extend the ornamental lighting system to that thoroughfare and to use the same pattern of lamp standard as that used on other down town streets. The merchants are not satisfied with the magnetite lamps nor the standards provided by the General Electric company as an example of that type of lighting.

The eighth annual report of the Fort Wayne park board is given high praise in the current issue of "The Printing Art and Suggestion," a well known magazine devoted to art printing.

But $239.60 of the total assessment made for improvement of the shade tree system on East Wayne and Washington streets, remains unpaid.

**RAT VIRUS INTERESTS THEM.**

**Health Office Besieged by Inquiries Concerning Rodent Cure.**

Dr. Eric A. Crull, city health commissioner, is besieged by inquiries concerning the rat virus spoken of in The Sentinel a few days ago as the means the department would employ when called upon to exterminate a plague of rodents under the new "rat law" of Indiana. People who are scourged with rats and mice at home want to know more about the virus that innoculates rats with a fatal species of rabies and sets them to biting and destroying each other.

Dr. Crull states that there are few complaints of "other people's" rats, but that inquiries come from householders who have troubles of their own right on the premises. He further says he has no notion of setting as the "Pied Piper of Hamelin" and cleaning up Fort Wayne as the magic flutist did the ancient Brunswick town, but that he will do all he can to aid householders to be their own pipers.

The rat virus is a commercial product and is furnished by one of the largest laboratories in the country.

**POWDER MILLS EXPLODE.**

**Workmen Escape Injury in Accident in Dupont Plant.**

Wilmington, Del., Aug. 5.—Grinding mills Nos. 11 and 12 at the Dupont powder works near this city exploded early today with tremendous reports. No damage was caused except to the machinery in the mills and the loss of about three hundred pounds of powder in each mill. The roofs which rest on the walls without fastenings were blown away, the walls remaining intact.

No person was injured but Carlo Penno, the attendant, had a narrow escape as he was about to go to the mills to shut down the machinery when the explosion occurred.

Miss Nellie Lammerman of Monroeville, was admitted to Hope hospital yesterday to submit to an operation.

# PRISON SENTENCE FOR LEGISLATORS

## Five West Virginia Solons Convicted of Bribery, Given Terms.

### WILL TAKE APPEAL

Webster Springs, W. Va., Aug. 5.—Sentences were imposed upon the five members of the West Virginia legislature late yesterday by Judge W. S. O'Brien in the superior court. The legislators were convicted of bribery in connection with election of a United States senator early in the year. The sentences follow: Delegates S. U. G. Rhodes, Rath Duff and H. F. Asbury, six years each in the penitentiary; State Senator B. A. Smith, five years and six months, and Delegate Davie Hill five years. In addition the five are disqualified for life from holding any public office or office of trust.

The sentencing of the legislators came shortly after Delegate Davie Hill, the fifth to stand trial on bribery charges, was convicted. After the sentences were imposed an arrest of judgment and stay of execution for ninety days was allowed by the court to permit attorneys for the defendants to make applications for appeals to the state supreme court.

More than two months have been consumed in the trials of these cases, the first of their kind in the state. There were seven legislators indicted, the five already tried having been on felony charges, and the other two, George S. VanMeter and Rev. T. J. Smith, on misdemeanor charges. The trial of the last two will probably be deferred until another term of court.

The five convicted legislators were arrested in a Charleston, W. Va., hotel late in the afternoon of February 11, by Sheriff Bonnerhill in the presence of Public Prosecutor Townsend who, with the aid of a private detective investigated the rumors of bribery which were being circulated at that time in regard to the senatorial election. Before their arrest it is alleged they were paid by the private detective for their vote and the marked money was found on their persons.

After the arrest the five were taken before a justice of the peace, where they waived hearing and were held in $5,000 bond. On February 14 at a special session of the grand jury they were indicted.

Tom Stutz, employed by the City Trucking company, was injured while unloading large rolls of paper in the alley at the rear of The Sentinel office this morning. He was taken to his home on Barr street, but his hurts were not found to be serious.

# CHILD SHRINKS FROM ITS FATHER

## Martin Brown's Little Boy Whom He Neglected Repulses Him.

### MAN FACES A PRISON

After he had been bound over to the circuit court for neglecting his children, Martin Brown, in the city court to-day, stretched his arms toward his little son and asked the child to come to him. The little child shrunk away from his parent and repulsed his advances. Brown repeated his effort to have the child come to him, but the little fellow shrunk further from him, as he would from a stranger. None of the five children of whom Brown is the father went to him and there was no greeting or exchange of affections.

Brown's case has intense aggravations. During the past four or five months the family consisting of his wife and five children have been without means save such as the mother and a 16-year-old son could earn added to what the bounty of neighbors and public charity contributed. During that time the entire family, including the mother, have gone through a siege of measles and diphtheria. Brown gave not a cent to their support and did not visit his stricken wife and children.

He was arrested a few weeks ago at Murray, Ind., and brought back here on a warrant charging him with neglect of his children. He was tried to-day in the city court, Attorney Lee J. Hartzell sitting as special judge. Deputy Prosecutor Frank R. Dulin represented the state, and Attorney E. C. Hoffman appeared for the defendant. The testimony showed that Brown had once deserted his family at Kalkaskia, Mich., and served nearly a year in prison for the crime, when he was paroled; that he had once abandoned his family and eloped with another woman with whom he lived for some time; that he brought his family to Fort Wayne and again abandoned them; that he was arrested in Kalkaskia and brought back here and escaped through the decision of a justice's court; that he again ran away and was brought back; that during the past five months he had contributed nothing to their support, and did not go near them or give them any help while the wife and children were prostrated by dangerous illness; that he gets money to travel about, to put up a cash bail bond and to employ good lawyers to defend him. His only defense was that he is physically incapable of earning support for them, and he brought in Dr. F. B. Ladd to testify to his ills. Dr. Ladd testified, however, that there were certain kinds of employment Brown could safely perform.

Mrs. Brown and her family were in court. A manly-looking boy of 16, three girls of good countenance and neat appearance and the sweet-faced, bright-eyed little fellow who repulsed his father, made up the brood that gathered about the forsaken wife and mother.

Judge Hartzell had no jurisdiction to inflict a penalty, although he said Brown was clearly guilty, and he bound him over to the circuit court under $500 bond, which Brown furnished in cash. Brown's crime is a penitentiary offense in Indiana.

**Fickel Begs Hard.**

Charles Fickel was another wife deserter in city court, and he begged hard for another chance, although he has twice run away. He was last arrested in Toledo. Judge Mungovan continued the case until to-morrow when he will probably render judgment. There is said to be another woman in the case, whose predicament is embarrassing. Fickel is in jail in default of a $500 bond.

William Town, charged with neglecting his children, was held under $500 bond until to-morrow.

**DIAZ YET IN PARIS.**

Paris, Aug. 5.—There is no truth in the report published in the United States that Gen. Porfirio Diaz left Southampton on July 15, for Japan to meet his nephew, Felix Diaz, and accompany him back to Mexico. The former Mexican president is still in Paris.

Charles H. Worden, vice president of the First aNtional bank, is in Toledo today on a business mission.

An installment of civil service manuals for use in the fall examinations have been received by Assistant Postmaster W. J. Hess.

## ADAMS COUNTY WETS WANT AN ELECTION

Hartford Township Starts First Call of the Kind Under the Law as It Remains Dry Until Voted Wet.

Decatur, Ind., Aug. 5.—A saloon contest, rather different than any ever held in Adams county, is on in Hartford township, of which Linn Grove is the prosperous little capital. Two years ago last spring that township voted "dry." Under the present law and according to information from the attorneys, it continues to remain so until otherwise voted. For some weeks there has been some talk of starting a saloon there and the law has been thoroughly looked up, read and reread. To settle the matter a petition for an election has been filed by sixty-one residents of that township, under the caption A. L. Studley and others. According to the vote for secretary of state at the last election, but fifty-one names would be necessary to call the election. The difference is that this election is the first ever held under the petition from those who favor the licensed saloon. It was filed Saturday evening at the auditor's office and the commissioners will fix a day for the election and appoint the inspectors and necessary officials this evening or in the morning. The previous election in Hartford township was a hard-fought one. It was held March 29, 1911, and resulted in the "drys" winning by 17, the vote being 139 to 122, one precinct voting dry and the other wet. The result of this election will therefore be watched with much interest.

### LOST MAN FINDS HIMSELF.

Decatur Resident "Come To" in Huntington and Sends Word Home.

Huntington, Ind., Aug. 5.—M. J. Butler, a prominent Decatur man, who wandered away from his home last week, "found himself" in Huntington and telegraphed his brothers in Decatur as to his whereabouts. It is said he wandered away from his home while temporarily deranged from worry about private matters, said to be chiefly financial.

To a local physician and employes of a hotel, Butler said that he had come to Huntington from near Danville, Ill., but did not know how he got here. While registering at the hotel he realized his condition, where he was, and that his family would want to hear from him. He telegraphed two brothers, and arrangements were made whereby he went to Decatur in an automobile.

Attaches of the hotel could see from Mr. Butler's actions that he was badly worried, and perhaps not in his usual mind. They called a physician who succeeded in giving him relief.

Butler stated while in Huntington that he remembered having been in several towns, the last being Danville, Ill., where he received a scare because of his condition, imagining that somebody was going to hurt him. There he walked a long way into the country, lost track of his travels and "found himself" in Huntington.

### OPTION PETITION INVALID.

Commissioners Decide There Ca Be No Election in Warsaw.

Warsaw, Ind. Aug. 5.- There will be no option election in this city as was purposed by the pro-saloon element. The board of county commissioners has just held that the petition filed for an election was not valid and refused to call an election.

The petitioners were represented by Attorney Frank McConnell and Attorneys L. W. Royse, L. R. Stookey and W. D. Frazer represented the "drys." The "dry" attorneys objected to the petition on the ground that six single petitions, instead of one, had been filed and that none of the six petitions contained the names of 20 per cent. of the voters of the city. County Attorney Walter Brubaker ruled with the "dry" attorneys and the board of commissioners held that the petitions were not good and refused to call an election.

Instead of filing a single petition the "wets" filed a separate petition for each precinct of the city and as they were not attached and no reference was made to any other petition in each the board decided that they must be considered as six separate petitions.

### EDITOR FIGHTS FOR LIFE.

Columbia City, Ind., Aug. 5.—James E. McDonald, editor of the Ligonier Banner and one of the best known men in the state, but who has been afflicted with cancer in the abdominal region for a year or more, has not given up the fight yet, but has hopes of recovery, although he says the chances are tremendously against him. He is very comfortably situated in his cottage on the east shore of Lake Wawasee, and his wife and near relatives are doing everything possible for his comfort.

It is necessary to administer opiates to alleviate the pain and when not under the influence of drugs his mind is clear and he not only recognizes his friends, but is pleased to see them. He was a very large and fleshy man when in health, but is now reduced almost to a skeleton.

### BOY FALLS FROM PORCH.

Huntington, Ind., Aug. 5.—Everett Hedrick, aged seven, son of J. B. Hedrick, at Mt. Etna, fell from the porch on which he was rocking at the home of his grandfather, near Pleasant Plain, and fractured his right arm at the elbow so seriously that amputation may be necessary.

## CAME WHEN THERE WAS WILDERNESS

Mrs. Jane Blain, Over Three-Quarters of a Century Resident in Whitley County, is Dead.

Columbia City, Ind., Aug. 5.—Over three-quarters of a century a resident in Whitley county and within a few weeks of the age of 90, Mrs. Jane Blain is dead. She was up to the time of her death the oldest surviving pioneer of the county, both in point of age and of the duration of her residence. Mrs. Blain had been ill two weeks of the infirmities due to her advanced age.

The deceased was the daughter of Mr. and Mrs. John Scott and was born in Madison county, Ohio, October 27, 1823. She was brought in 1836 to this county by her parents, who were among the earliest settlers in Whitley. She had always resided in this county. She was married when a young woman to James Blain, also one of the early pioneers, who preceded her in death some eleven years. Mr. and Mrs. Blain began housekeeping on the farm, in Troy township, where Mrs. Blain died and she had never known any other place of residence. To the union were born twelve children, six of whom survive, they being Mrs. Ambrose Keister, Mrs. Ida Grant, Miss Roxie Blain and Melvin Blain, of this county; Mrs. F. E. Templeton, of Chicago, and Mrs. John Buckles, of Wolf Lake. Besides the above she is survived by one sister, Mrs. Phoebe Lamson, of New York city.

A few years ago Mrs. Blain received the distinction of a loving cup as the oldest surviving inhabitant of the county and at another time she and a sister, Mrs. A. F. Martin, were presented with a similar token as the oldest pair of twins in the county. She was a devout member of the Baptist church. Mrs. Blain's funeral will be held tomorrow from her late home, Rev. Randall officiating.

### AGED WOMAN INJURED.

Huntington, Ind., Aug. 5. Mrs. Wimmer, elderly mother of Dr. G. G. Wimmer, of Mt. Etna, and commonly known as "Grandma" Wimmer, is confined to the home of the son in Mt. Etna in a critical condition as the result of fractures of the arm received recently, which the elderly woman is unable to account for. The circumstances of the accident in which Mrs. Wimmer fell and sustained the broken arm are not known. Since the fall in which the arm was broken and a cane Mr. Wimmer was using was mysteriously broken to bits, the injured woman has remained in a period of semi-consciousness and is unable to give details regarding the accident.

### TRAIN HITS HEARSE.

Elkhart, Ind., Aug. 5.—D. R. Rowles, liveryman, was seriously injured, C. Edwin Walley, undertaker, was painfully hurt, two horses were killed and a hearse demolished when a Big Four excursion train, en route from Anderson to Benton Harbor, crashed into a funeral procession on the Middlebury street crossing in Elkhart. Mr. Rowles' most serious injuries are to his spine and pelvic bone, while his head and right forearm were cut and bruised. Mr. Walley sustained painful bruises to his right knee, face and head.

### PIONEER TAILOR DIES.

Columbia City, Ind., Aug. 5.—E. H. Dinkmeyer, for over twenty years a well known merchant-tailor in this city, passed away at his home here after an illness of several months' duration, due to stomach and bowel trouble. He was 61 years, 1 month and 22 days old at the time of his demise. The news of his death was not unexpected to the community, but it was received with universal regret as the deceased was a man who enjoyed the respect and esteem of all citizens. He was efficient and tasty in his work and was a man of strong force of character. Edward Henry Dinkmeyer was born at Hanover, Germany, June 6th, 1852.

### HUNTINGTON PIONEER DIES.

Huntington, Ind., Aug. 5.—John Decmer, for fifty-six years a resident of Huntington county, was buried here today from the residence of his brother-in-law, John Lengell, of Lancaster township, where his death occurred from stricture of the oesophagus. He was born in Pennsylvania seventy-six years ago and came at the age of twenty-three years to this county, settling on a farm. He was married to Anna Lengell and to this union were born thirteen children, eight of whom survive.

### BOOKMAKER IS FINED.

Huntington, Ind., Aug. 5.—Harry G. Karch, the Celina (Ohio) bookmaker who was arrested while booking on the races at Warren last week, was tried before Mayor Feightner and was fined $10 and costs and given ten days in jail. Karch paid the fine and began to serve his time. Karch admitted that he is a professional bookmaker.

**To Keep Skin in Fine Condition in Summer**

(From The Family Physician.)

It would be much better for the skin if little cream, powder or rouge were used during the heated term. Mixed with perspiration, dust and grime, these things are anything but beautifying. Ordinary mercolized wax will do more for the complexion, and without giving an oily, shiny, streaked, spotted or pasty appearance. It is the ideal application for the season, as it not only keeps the pores clean, but daily removes particles of scarf skin which have been soiled by dirt or weather. By constantly keeping the complexion clear, white and satiny, it does more toward perpetuating a youthful countenance than any of the arts or artifices commonly employed. One ounce of mercolized wax, obtainable at any drugstore, will completely renovate the worst complexion. It is applied at night like cold cream and washed off in the morning.

To keep the skin from sagging or wrinkling, or to overcome such condition, there's nothing better than a face bath made by dissolving 1 ounce powdered saxolite in ¼ pint witch hazel.

## SENTINEL'S DAILY SCRIPTURE READING.

Luke 18: 1-17.

nd he spake a parable unto them to this end, that men ought always
ud not to faint:

ying, There was in a city a judge, which feared not God, neither re-
d;

there was a widow in that city; and she came unto him, saying,
f mine adversary.

he would not for a while; but afterward he said within himself,
r not God, nor regard man;

because this widow troubleth me, I will avenge her, lest by her
coming she weary me.

nd the Lord said, Hear what the unjust judge saith.

nd shall not God avenge his own elect, which cry day and night unto
gh he bear long with them?

tell you that he will avenge them speedily. Nevertheless when the Son
cometh, shall he find faith on the earth?

And he spake this parable unto certain which trusted in themselves
ey were righteous, and despised others:

Two men went up into the temple to pray; the one a Pharisee, and the
a publican.

The Pharisee stood and prayed thus with himself, God, I thank thee,
I am not as other men are, extortioners, unjust, adulterers, or even as this
an.

I fast twice in the week, I give tithes of all that I possess.

And the publican, standing afar off, would not lift up so much as his
nto heaven, but smote upon his breast, saying, God be merciful to me a

I tell you, this man went down to his house justified rather than the
for every one that exalteth himself shall be abased; and he that hum-
mself shall be exalted.

And they brought unto him also infants; but when his disciples saw
rebuked them.

But Jesus called them unto him, and said, Suffer little children to come
e, and forbid them not; for of such is the kingdom of God.

Verily I say unto you, Whosoever shall not receive the kingdom of God
little child shall in no wise enter therein.

## *The Case of the Ambassador.*

Stating the thing briefly, Henry Lane Wilson appears
ve simply talked himself out of the rather nifty diplo-
post as ambassador to Mexico. Had there been no
condition in the situation that from the administra-
viewpoint made a change in representatives in the
of Mexico highly desirable, Ambassador Wilson's
performance the moment he landed in New
—his way to Washington would have furnished
ient cause for the change.

summoned from the Mexican capital to give the
lent and the state department a more complete and
ate report on actual conditions there than would be
ble in the ordinary diplomatic interchange of infor-
n and direction between the American embassy in
co and the state department in Washington, the am-
dor amazed the country by beginning to talk before
iched Washington. Without waiting until he had com-
l his confidential mission at the national capital he
be known that he was opposed to several of the plans
sted as a means for dealing with the situation in
lent Mexico and denominated some of them as the
st "rot." Even to those unschooled in diplomatic
m, the volubility with which the ambassador talked
rning the situation was amazing, and it became an
guess from that moment that his career of usefulness
icle Sam in his position was rapidly nearing its end.
ther or no Ambassador Wilson had allowed himself to
ne enmeshed to an embarrassing degree as a partisan
e factional fight now disrupting Mexico, all the cir-
ances in the case pointed as much. It is true he had
dy made a tender of his resignation to President Wil-
ut this is only in conformity with the unfailing cus-
which is followed in the diplomatic service following
change in administration. It did not necessarily
s that the president must make a change in am-
dors. With Mr. Wilson so clearly out of
with administration policy, however, and exerting
lf to make that fact apparent, the acceptance of his
nation was inevitable, and he will not return to the
an capital as the United States representative there.
highly desirable to have at this time a man in the
who is persona grata to the various factions in Mex-
Uncle Sam is to avoid needless trouble. The send-
ex-Governor Lind to Mexico not as the new am-
dor but as the personal representative of Secretary
ought to clarify matters somewhat and give the sit-
n time to adjust itself. It appears, however, to give a
terrific jolt to the prospects of John E. Lamb, of
Haute, whose friends have regarded his appoint-
as ambassador to Mexico as almost a foregone con-
n. Mr. Lind will unquestionably have the first op-
unity to make good in dealing with a rather delicate
on.

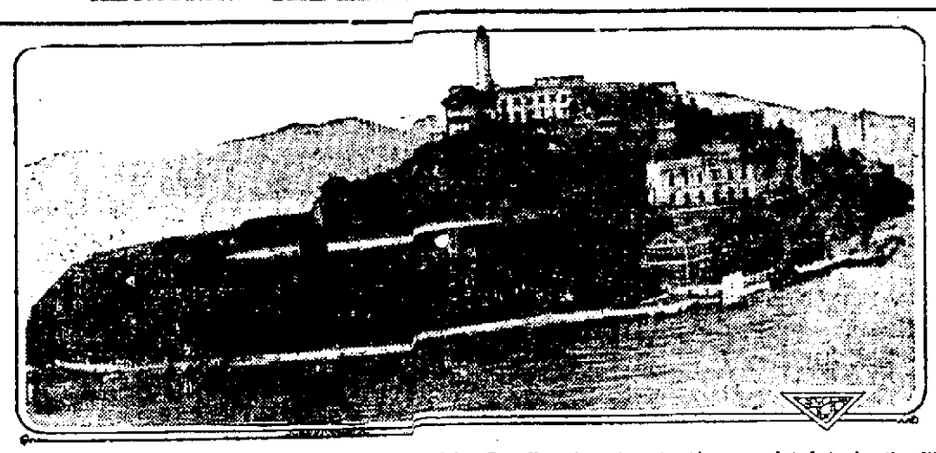
## ALCATRAZ—THE ELLIS ISLAND OF THE PACIFIC.



In the treacherous tide rips where the Golden Ga to joins San Francisco bay is Alcatraz, slated to be the Ellis island of the Pacific. Alcatraz is a military prison. F prisoners have ever escaped. In fact, few have tried because it meant almost certain death or capture.

Alcatraz has been a military prison since 1870, a nd accommodates 200 prisoners. It is ideally situated for the immigration station. All liners cast anchor in the shad ew of it when they go into quarantine and it will only be a step from the deck of the ship to the island.

### SOUNDS REASONABLE.

(Pittsburg Dispatch.)

Whatever political purposes there may be behind the reported declination of Great Britain to partripate in the Panama exhibition, there is probably a good deal of truth in the statement that British manufacturers and merchants have shown little interest in it because they have small prospects of profitable trade resulting from their exhibition on the Pacific coast, the distance they would have to ship exhibits and the increasing belief that world's fairs are being done to death anyway. At a world's fair conference held in Berlin a year ago it was tacitly agreed that one such fair every three years was as close as they should be, and that this was a concession beyond what they ought to be.

Something of the same feeling has been shown in this country, especially after the failure of some ambitious enterprises of the kind. The Panama fair was, however, considered justifiable because it really celebrated something worth celebrating. Besides, we have had an interval of rest from the procession of world's fairs. But Europe has had several in the meantime, and the same feeling of sufficiency is naturally being experienced there.

Of course, the governmental attitude abroad may be a reflection of political resentment, but it has undoubtedly been made easier there by the indisposition of manufacturers and merchants to go to the expense of being represented at another exhibition held so far away.

### PROPER USE OF GOVERNMENT FUNDS.

(Kansas City Times.)

The general fund of the United States treasury includes nearly $200,000,000 in cash locked up in the vaults. The secretary of the treasury has announced that $25,000,000 to $50,000,000 of this sum will be placed on deposit in western and southern banks that desire to pay interest on it at the rate of 2 per cent. per annum and put up bonds or commercial paper as security for it.

The country ought to have a banking and fiscal system which would make these treasury funds automatically available in time of need for the use of general business.

The proposed new currency bill provides this. It requires that government funds shall be deposited in the federal reserve banks, and that the government shall make its payments with checks thereon the same as an individual or corporation. Under this system the government funds would always be available as a basis for credits and exchange.

Under the existing system the announcement of the secretary of the treasury that he proposes to deposit government funds amounts to a declaration that the money market is tight and needs assistance.

Under the proposed plan there would be no such disquieting announcement, but the government funds would be available at all times in the ordinary course of business, to meet the demands for moving crops, or for other purposes.

No other civilized government in the world pursues the archaic course of the United States government in locking up its surplus revenues, and thus withdrawing money from circulation.

### HONORABLE TITLE OF "OLD MAID."

(New York World.)

According to a Chicago report, an unmarried woman of that city, 30 years of age, having been called an "old maid" by a married woman, picked up a chair and struck her accuser in the face with it, "punishing her severely," says the report. Summoned to court to answer for assault, the defendant was discharged by the judge with the statement: "I think this sort of provocation justifies any assault up to murder."

This doctrine is so reactionary as to savor of the dark ages. The day when to be an old maid was a matter of opprobrium has long gone by. In our time the unmarried woman is active and eminent in nearly all lines of achievement. There is no American city without many such women whose worth and excellence give them rank among its foremost and most honored citizens. This is particularly true of Chicago, one of whose most distinguished citizens is Miss Jane Addams.

There may be times when it is permissible for one Chicago woman to smash another in the face with a chair. We pretend to no authority on Chicago etiquette. But no such provocation lies in the term "old maid," which even a president of the United States once found time to glorify.

## TWENTY-FIVE YEARS AGO

*What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.*

Dr. George W. McCaskey is home from the east.

Miss Josie Conklin is at Cincinnati attending the exposition.

Mrs. John Reuss and children left today for Cincinnati to visit relatives and friends.

Miss Clara Heilbroner, of West Wayne street, has returned from a three weeks' visit at Terre Haute.

Carl Swain and Frank P. Bissell have returned from a bicycle trip to Indianapolis.

The third supply well of the water works pumping station will be tested tomorrow.

H. C. Hanna and John T. Leach addressed a meeting of the republicans at the Morton club last evening.

Weighmaster Ryan collected $112 during the month of July at the city scales.

Deputy Sheriff Wilkinson and S. A. Wikel returned this morning from Detroit.

H. F. Schneider and Postmaster Bender, of New Haven, are guests of friends in the city today.

Daniel Falvy, a Nickel Plate boiler maker, had his right hand crushed while at work yesterday. Dr. J. M. Dinnen had to amputate the fingers.

Rev. S. A. Northrop and family are at home in the handsome new residence erected by Miss Maggie Hamilton at the corner of Clinton and Montgomery streets.

E. J. Ehrman son of Coleman Ehrman, has been sworn in by Postmaster Kaough as a distributing clerk. The work of examining the applicants for carrier service is now in progress.

A meeting of the original members of "Company Q" will be held this evening at the Pittsburg, Fort Wayne and Chicago freight offices. This company is composed of old veterans of the civil war, who have told nobody why they call themselves "Company Q" but they are the life of the grand army posts here. The members are Councilman J. C. Kensill, Col. R. M. Reilly, Captain R. H. Harrison, J. C. Hewes, William Rogers, Edward Davis, Willim Rosington, C. M. Fordney and Major J. H. Sloan.

## HAVE PURCHASED WELL KNOWN CLOTHING ESTABLISHMENT.

W. C. STELLHORN.

C. W. NEIREITER.

Mr. Stellhorn and Mr. Neireiter, two well-known Fort Wayne business men, have purchased the old established Pixley & Company clothing establishment at 118 East Berry street, and will open the store under its new management about Sept. 1. The building is now being prepared for the opening.

The Pixley establishment has been for many years a big factor in the clothing trade in this city, and the new proprietors have been in the clothing business practically all their lives. Mr. Stellhorn has been identified with the establishment for nineteen years, and for the past three years has been in full charge as manager. Mr. Neireiter has been with the company seventeen years. Both are thorough clothing merchants and have uncounted friends and acquaintances in Fort Wayne and vicinity, and it is predicted that the career of the store under their ownership will be most successful.

### ANOTHER ROAD HERE.

Rumor Says Trolley Line Will Be Built from Plymouth to This City.

According to rumor circulated here recently, the Co-operative Construction company, now operating about eighty-five miles of trolley lines throughout the northern part of the state, plans to build a line from Plymouth to Laporte and then to Fort Wayne, parallel with the Pennsylvania lines and touching at Winona lake, Pierceton, Columbia City and Arcola. The proposed road is said to be one link in the New York-Chicago air line.

### REPORT ON BRIDGE SOON.

Grosvenor and Randall Start on River Work at Columbia Street.

In line with other work relative to completing plans for the prevention of floods in Fort Wayne, Engineer A. W. Grosvenor and City Engineer F. M. Randall are now working to obtain river levels at the Columbia street bridge and at the junction of the St. Mary's and St. Joseph rivers. The engineers say they will be ready to report in a short time, and this news is received gladly by the residents of Lakeside and other portions of the city that were submerged during the March floods. President L. P. Sharp, of the Lakeside and Forest Park Civic Improvement association, declares that he will not call a session of his organization until the engineers' report is read for submission.

# A SIMPLE RECIPE BRINGS MUCH MONEY

Eat anything and digest everything by adding Waw-Waw is what a noted English singer has said. Waw-Waw contains a vegetable which was proclaimed by a distinguished French doctor to the young singer, who had suffered with stomach trouble, as having wonderful digestive properties and he made a sauce containing this vegetable, which he added to his food, and sold the recipe for a large sum to a company. Waw-Waw is absolutely unlike any other sauce, yet in flavor it resembles a Worcestershire, although the ingredients used are quite different. The great cooks of Europe have pronounced it unexcelled. The name Waw-Waw is an obsolete South American Indian word for vegetable. It contains no raw spices, coloring matter and is guaranteed absolutely pure. When added in the cooking or with soups, salads, hot and cold meats and fish it gives a flavor unequalled, and at the same time notice how easily you digest anything. Half a teaspoon with water or taken plain cleans the palate and is a wonderful appetizer. Waw-Waw is supplied to the House of Lords and Commons, England, and to the principal hotels and homes throughout the world. A 25-cent bottle from your local grocer will convince you how much more you will enjoy your food and at the same time how very easily you can digest anything.

# Safety Talk No. 59

## The Evangels of Safety

Today in hundreds of public and private schools throughout this country Safety Talks and Lectures are being given to the boys and girls—and the lesson and the incentive is a good one. It is the boy and girl who is the evangel of safety in the school, and they go home with their message to the grown-ups and in this way the Safety idea is spreading into all walks of life. These boys and girls have entered into the spirit of this Safety Movement and they are keeping the old as well as the younger children out of harm's way.

# SOME RULES FOR THE HOUSEWIFE

## City Sealer Tolan Shows How Petty Frauds May Be Prevented.

## WILL GIVE HIS HELP

CITY SEALER'S RULES FOR HOUSEWIVES.

1. Order and buy by the good, old-fashioned pounds, ounces, pecks, gallons, quarts, etc.
2. If you do not care to protect yourself, how do you expect to be protected by the dealer?
3. Have a reliable scale, yardstick and measure in your household and use them.
4. Make your allowance go a little further by insisting on full and definite quantity.
5. Sixteen ounces make one pound. Never forget that.
6. If goods are short, notify this department.
7. Short weights are devised by man and not by nature.
8. If you have a scale, yardstick or measure and wish to know if they are accurate, bring them to the office of weights and measures, room 4, city hall, any Monday, and they will be tested without any charge.

C. B. TOLAN,
City Sealer and Deputy State Inspector.

City Sealer C. B. Tolan has compiled a list of eight simple, easy and practicable rules by which housewives can do something to reduce the cost of living and avoid being cheated.

Sealer Tolan says every housewife ought to have in her kitchen a correct scale, yardstick and measure and should use them. His rules as printed above are such as if followed will put the petty cheater to rout and compel him to be honest or find other victims.

"The practice of weighing or measuring whatever has been purchased as soon as purchased at home would do wonders to break up the practice of petty fraud that too many dealers are not ashamed to engage in if sure of not getting caught," said Sealer Tolan, speaking of his rules. "The time to test a yard of muslin, a quart of vinegar, a peck of potatoes are a piece of ice is as soon as possible after the purchase, while the transaction is yet fresh in the mind of both buyer and seller. Testimony then is fresh and the evidence of fraud, if there has been fraud, is apt to be conclusive. Moreover, mistakes unwittingly made by dealers who would not cheat may be easily corrected and without ill-feeling; whereas, if notification of error is reported at a late date the dealer himself is not altogether without justification for thinking he is being held up.

"This office recives frequent complaints that icemen have delivered short weight. Sometimes this is positively ascertained. More often consumers merely guess at it from the dimensions of the piece delivered. If the housewife has an accurate scale and weighs her ice when its size puts it under suspicion she can ascertain a positive fact and can swear to it. The same is true of all commodities sold by weight or by measure.

"Most households are supplied with some sort of a scale and with some unit of both dry and liquid measure; also with yardstick or tape. It will cost little if any more to procure standard measures if those in hand are not accurate.

"Those utensils of the kind may in most cases be accurate, but to remove question I shall be glad to test any scale, yardstick or measure brought to this office. The housewife who is known to measure or weigh her purchases will not long be the object of any attempt by a dishonest dealer to cheat her. It will not cost anyone a penny to have his scales and measures tested and I can be found in my office any Monday. The local sealer's office, as well as the state bureau of weights and measures, has been established to protect the public from dishonesty, but that this may be done with entire efficiency we must at least have the help of the people, and the best form of that is that they help themselves. This office will do its best to enforce the law, but it must know of violations and be able to obtain the proof of them or it can do little."

### TO MEET AT SCHOOL HALL.

The Pythian Sisters' Past Chief association met this afternoon at the home of Margaret Byrer, 1828 Crescent avenue.

# Annual Baby Show Robison Park Wednesday August 6th.

Of all the park's special days the Baby Show is the most strenuous and nerve-racking. It is a difficult task to select the prize winners among hundreds of handsome wholesome babies. It is so hard to pass this or that baby by and to see the grieved look in the dear mother's eyes. Baby Show judges therefore are always loath to serve. It is to be hoped that the mothers will realize this and not feel hurt. The committees in the past have done their work conscientiously and wholly without prejudice or favor. They realize that it is impossible to select one baby and to say that it is the handsomest among a thousand babies. The list usually narrows down to two or three. It is far easier therefore to select three handsome babies and this will be done. Each one will receive twenty-six pieces of quadruple silver plate. Twenty-two other babies in the handsome class will each receive gold-lined silver cups of exquisite design.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## QUEER OFFER WITHDRAWN.

### Cities Too Slow in Accepting Gift of Evansville Man.

Evansville, Ind., Aug. 5.—Because the ten states to which he made offers of gifts of $1,000 each last winter have either neglected to answer or been slow to take up the proposition, Adolph Meisor, philanthropist and friend of animals, of this city, has withdrawn his offer and instead will make the state of Indiana a gift of $5,000 to be invested in such a way that in 210 years it will amount to $20,500,000. The entire amount is to be devoted to the relief of dumb animals.

Meisor's correspondence with Gov. Ralston is not completed. The Evansville man proposes to deposit his money in any bank named by the governor to revert to him if the next legislature does not pass the necessary bill legalizing the proposed transaction.

The ten offers withdrawn are similar to that made by Meisor a year ago, when he gave the city of Evansville $1,000 to remain on deposit at a local bank at 4 per cent., compounded semi-annually, at 4 per cent., making more than $20,000,000 in 250 years, the term of deposit.

## WOMAN AS BOOKMAKER.

### Margaret Wright Was Cleaning Up Coin at New York Races.

New York, Aug. 5.—Margaret Wright, 33 years old, was yesterday convicted for "making a book" on horse races. She was placed under probation, with a warning from the court that a repetition of the offense would result in a penitentiary sentence. This is said to be the first instance of a oman being convicted for bookmaking in New York city.

In pleading for leniency Miss Wright who said she was a waitress, tearfully declared that she herself was a victim of bookmakers. Nearly all of her wages for years past, she said, had been lost in betting on the races.

Mr. and Mrs. Frank J. Rahe have returned from a trip to Yellowstone National park. Mr. Rahe states that while in the western mountains they were caught in a snowstorm. Four inches of snow covered the ground and remained on during the entire day.

One of the most attractive days of the summer in Fort Wayne, as well as one of the especially fascinating ones at beautiful Robison park, is baby day. Tomorrow will be baby day. The annual baby "show," which the park manager, C. H. Williams, plans every summer as a special feature, will be held tomorrow with every promise of perfect weather conditions. Anyone who has been to the park this summer will know its attractions for all children and lovers of children, from the playground to the picnic supper and from the "blue streak" to the ponies. Fond mothers, with equally fond grandmothers, big sisters and other relatives are getting not only the prettiest and sweetest baby in town ready, but great preparations are being made for snowy dresse without a wrinkle, for new ribbons, for dainty caps, for the cutest of slippers or shoes, for the prettiest apparel that darling baby can have, whether it is hand made or machine sewed, whether there are natural curls or made ones or just plain straight hair, or maybe no hair at all, except some soft fuzzy down on the back of the head. Besides, in many instances, the grandest carriages, or go-carts or some other kind of a baby vehicle, are being made ready for the contest. There will be flower-covered carts and others trimmed with ribbons of paper. Some will be of especial design and some will just be pretty with no particular idea carried out. And the judges are the ones who will have the hard time, for how under the sun is anyone going to select the prettiest or the sweetest or the daintiest or the handsomest or the smartest baby from hundreds that all have at least two of those qualifications?

Mr. and Mrs. Perry Gandy, of Churubusco, have as their guests at their summer home at Blue lake for this week Miss Marie Kintz, Miss Genevieve and Frank Brenneckamp and Gregg Neptune, of Decatur, and Miss Helen Aurentz, of this city.

Mr. and Mrs. Guy Scott, of the St. James apartments, are planning to leave on Saturday for a two weeks' trip, during which they will visit Glacier National park, Montana. The first of September Mr. and Mrs. Scott will move to the residence now occupied by Lieut. and Mrs. Purcell, 1305 West Jefferson street, as Lieut. Purcell has been ordered to Texas.

Mr. and Mrs. John Lynch, of 310 Brandriff street, went to Chicago to spend last Sunday to attend the christening of the baby daughter of Mr. and Mrs. Charles F. Cook. Mr. Cook is a son of C. O. Cook formerly of the Fort Wayne Electric works, and left Fort Wayne in 1909 for Chicago. Since that time he has made two successful trips to South America and on his return in 1912 he married Miss Ella Joyce, a daughter of Mr. and Mrs. Thomas Joyce, also of Chicago. Many friends here will be interested in the announcement.

## You Needn't Go to Carlsbad to Reduce Your Weight—Brown Bread, Sour Milk and Exercise Will Do It at Home, Writes Billie Burke.

THEY ARE FAT, SOMETIMES FAIR AND USUALLY FORTY

(By Billie Burke.)

Hotel Alte Wiese, Carlsbad, July 30.—When you are in Carlsbad it looks as though every fat woman in America who had enough money to get there is taking the cure.

You know, you really can't do anything else but take the cure at this, the most famous of all health resorts, unless you do as I did and get ill.

The town itself boasts of only 1,600 inhabitants, but 150,000 people (mostly English, Germans and Americans) come here every year. Before the sprouting fountain of "The Sprudel" prince and pauper have stood for the last 500 years asking the same boon and receiving equally of its healing waters. Every house in the village throws open its doors to those who seek cures at the springs.

Of course, you know there are fashions in illness, and just think of poor little me getting appendicitis after it has almost gone out of style. Just now it seems to me that uric acid troubles hold the palm among the rich and elegant. Most of the fashionable people who come to Carlsbad come for some uric acid trouble. You can trace their troubles to too little working and walking. The women are fat—sometimes fair and usually forty—the men are puffy eyed and pale in the way that tells of gout and kidney troubles.

The most popular spring for the fat person is the Schlossbrun, and if you have the money and will take the whole cure (which means virtually living on sour milk, twice baked bread and walking to the spring every time you take a glass of water) you can easily take off a pound a day during the cure.

To make this cure perfect you must get up and stroll up through the Alte Wiese, stopping to buy your breakfast bread somewhere, for, of course, your doctor has prescribed a certain kind of bread and to follow his instructions you must carry your bread always with you.

"I do so hate to be fat. I would give anything to be thinner," said a woman who would weigh 200. I wanted awfully to say to her that she did not mean what she said, for no one need to be too stout.

The woman speaking would rather have luxuries and flesh than Spartan diet and a good form. She would rather ride than walk. And so she comes to Carlsbad once a year because here she can go through the simple food and much exercise "cure" in the company of other fashionable people. Brown bread and sour milk are expensive at Carlsbad and so they are popular with people of wealth, but brown bread and sour milk are just as healthful at home and when taken with plenty of exercise they will reduce one's flesh without going to the great Fullemian health resort, and then, you know, you might get appendicitis.

## AT THE EMPRESS

George Ade's best comedy, "The Mayor and the Manicure," a tabloid farce, is one of the headliners on this week's bill at the Empress theater, and in this short sketch the Indiana humorist shows his best style. Good, clean comedy is shown in every line and the artists who so ably portray the characters introduced are accorded just applause for their entertaining manner. Typical characters of every-day life in most any city are clearly defined and the act as a whole is one of the best that has been staged at the popular playhouse.

As usual, the variety of the bill is pleasing and the weekly acrobatic offering includes the Four Provosts in a spectacular pantomime, and Mlle. Silverado, gymnast and aerial contortionist of exceptional strength and grace. Mlle. Silverado is skilled as a trapeze artist and in closing her act gives a sensational exhibition in rope climbing. The Four Provosts have set their act in a bath house gymnasium and each member of the troupe is a finished acrobat. Several new feats are introduced during their appearance.

James Hawley in songs and stories has some new lines that have never been turned loose in Fort Wayne and his act is a scream from start to finish. He is also able to dance a little. The Doria opera trio has mastered practically all of the difficult operatic selections and offer entertaining bits from the popular masterpieces.

The kinemacolor pictures are exceptionally pleasing this week. The subject offered is "Nathan Hale" and the movies show the incidents of the revolution in which this great character of history lost his life for the sake of his country, just as he had completed the work assigned him by General Washington and was ready to escape from the camp of the British.

## THE AIRDOME.

Dick Whittington and His Cat, a feature picture in three parts, and two vaudeville acts, makes up the program for the first part of the week at the Airdome. The charm of Dick's dreamy and mystic character permeates the production and holds interest while the spectacular and sensational climax of the burning boat and struggling crew adds an element of genuine thrill. The vaudeville part of the program offers Roxie Deneen in an athletic act and James Reilly in songs and stories. There will be change of pictures on Thursday evening, when another big feature will be offered.

## AT THE JEFFERSON

We have wondered at the growing perfection of the moving picture, but now we must marvel, for pictures have been made to talk and sing and so perfect is the semblance that the reproduction of action and words may be said to be perfection. The moving cause of this is the marvelous Vivaphone, and we will be given an opportunity to see it working at the Jefferson theater all this week, and the announcement that "It is to marvel," is by no means far fetched or extravagant. ## How to Take Care of Your Eyes in Summer

(By Madame Millefleurs')

"Blast my eyes," used to be the expletive of the 'old salt' in all the stories of the sea.

The modern woman does not say, "Blast my eyes," but she helps to the blinding of her eyesight every day of her life.

The woman who motors should always wear a veil and for long rides a pair of motor eyeglasses should be added. Yes, I know a veil is more or less hot and oftimes a nuisance, but isn't it better to practice a little common sense and keep one's complexion passable and one's eyes intact? I do not think there is anything about the human body that suffers more complete neglect than the eyes and there is no organ from which we ask more.

The eyes should be washed as religiously as the teeth and you cannot wash your eyes by rubbing them with a soapy cloth any more than you can cleanse your teeth by washing your lips and face.

Get an eye cup. Put it on the shelf with your tooth brush and every morning when you take your bath wash out your eyes with a 20 per cent. solution of boracic acid.

This can be made by putting a level teaspoonful of boracic acid in a half pint of hot water and letting it stand until the acid crystals are dissolved. After this is cooled pour a tablespoon of the liquid into the eye cup, apply it to your shut eye, throw your head back and open your eye so that the water reaches the ball.

Turn this water out and fill again for the other eye. You will be surprised how this will strengthen and brighten your eyes. If you are troubled with inflamed lids this will cure them, unless it is some very serious trouble.

## YOUNG COUPLE WHO WERE WED ON FRIDAY, AUGUST FIRST.

MR. HAROLD BLAKE.

MRS. HAROLD BLAKE.

Mr. Harold Blake, a son of Mr. and Mrs. W. Blake, of 1014 Weisser Park avenue, and Miss Irene Yoss, of Berne, were married on Friday, August 1, at Angola, by Rev. Mr. Nickerson pastor of the Methodist Episcopal church of that city. The bride and groom had been at Lake James, guests of Mr. Blake's sister, Mrs. Milo Weber, for nearly a week previous to their marriage and they went to the same resort again after the ceremony to remain over the week-end. Last evening Mr. and Mrs. Blake returned here and are staying at the home of Mr. Blake's parents. The bride had been employed for some time in the home of Mrs. W. M. Wardrop and is a very capable and worthy young woman of attractive manner and appearance. Mr. Blake works in the shipping department of the Pennsylvania offices of this city and is highly regarded. The fact of the young couple being married was not known until they returned and announced it.

# TENTS TO WHITE PLAGUE PATIENTS

## Visiting Nurse Begins the Placing of Open Shelter in City.

## OTHERS BUYING THEM

Miss Irene Byron, the substitute nurse, just employed by the Anti-Tuberculosis society, pending the return of Miss Shively, the regular nurse, has entered actively upon her duties. Miss Byron already has placed some of the shelter tents provided by the society for the use of tuberculosis patients, whose circumstances are such as to forbid their purchasing the shelter for themselves. In addition to this, Miss Byron has prevailed upon tuberculosis patients who are able to provide themselves with tents to do so.

Dr. Eric A. Crull, secretary of the Fort Wayne board of health, under whose immediate auspices the visiting nurse works, states that he has had calls for tents from persons wholly able to make their own provisions and has been obliged to cite the fact that the society's means are limited and that only patients too poor to buy tents are provided for by the society. One man who had made requisition for a tent to be used by a member of his family was shown to be worth $15,000 or $20,000. He was instructed that a tent was a small outlay for the saving of the life of one of his family.

Miss Byron is compiling data on tuberculosis cases for the use of the society.

### REMINDED OF STATE LAW.

Secretary of Health Board Wants Reports of Typhoid and Tuberculosis.

Dr. Eric Crull, secretary of the board of health, today mailed to each physician in the city a circular letter reminding the medical men of the state law which requires physicians to report to health authorities respecting typhoid and tuberculosis cases. The letter follows:

My Dear Doctor: Just a reminder to call your attention again to the fact that the state law demands the prompt reporting of all cases of tuberculosis and of typhoid. As soon as we receive a typhoid report, an inspector is sent out to look up the patient's former water and milk supply, drainage, sewage, etc. A nurse promptly visits every case of tuberculosis reported to obtain statistical information, and, where the patients are in poor circumstances, to provide them with sputum cups, tents, etc. You will readily realize, aside from the fact that the law imposes this duty upon you, that the prompt investigation of either class of cases cannot help but in a measure reduce the mortality from these two diseases.

Respectfully,
Secretary Board of Health.

Dr. Crull hopes to gain the attentive co-operation of Fort Wayne physicians, not only to prevent any outbreak of typhoid during the coming two or three months, when it generally rages worst, but expects to get a good grip on the tuberculosis situation in Fort Wayne.

### OPPOSE VOTES FOR WOMEN.

Catholic Women Take Steps Toward Organizing League.

Buffalo, N. Y., Aug. 5.—The organization of a Catholic Women's league that proposes to counteract the tendencies of the women's movement, including their demand for the use of the ballot, marked yesterday's session of the Roman Catholic Central verein, which is holding its convention here.

Branches of the league will be formed in all parts of the country, it was stated by Mrs. Joseph Frey, the honorary president.

"The femininist movement," said Mrs. Frey, "is being promoted by women whose views are decidedly pagan. If their demands were to be realized the Christian family would cease to exist.

"While the aCtholic church has made no pronouncement on the matter of woman suffrage, the aCtholic philosophy of life is opposed to it. However, we are not centering our activities in opposition to woman suffrage, but rather in a plan for the future. The present unrest has resulted in the enfranchisement of women in several states. These women would exert an evil influence by means of the ballot if a conservative body of women was not in the field to counteract their influence."

### VETERANS WILL PICNIC.

Lawton Wayne Post to Hold Annual Outing at Swinney Park.

All arrangements have been completed for the picnic to be held at Swinney park Wednesday under the auspices of Lawton Wayne post, No. 271, G. A. R., and from present indications, the attendance will exceed all expectations, if the weather man kindly consents to keep his hand on the fair weather switch.

The veterans will meet at 8 o'clock in the morning at the post's room and will march in a body. Members of their families will go to the picnic grounds in automobiles and on the street cars. Members of all other soldier organizations and their families and representatives of the press have been invited to attend the outing.

Under the direction of the different ladies' auxiliaries to the military organizations, a sumptuous dinner will be served at the noon hour and the veterans will listen to an entertainment program and enjoy themselves in many ways, until 6 o'clock in the evening, when they depart for their homes.

# THIEF RETURNS A CHECK TO VICTIM

## Pat McMullin Says He Could Not Use It and Mails It to Mrs. Brower.

## KEEPS OTHER LOOT

Along with a gold watch, diamond ring $50 cash and some other loot taken from his landlady, Mrs. Lily Brower, 378 Baker street, when Pat McMullin fled Sunday night, was a check for $25. Today Mrs. Brower received the check by mail with the following letter.

"Well, Lillie, as I can not get any thing on their checks I will send them back to you.

"PAT."

The letter was written on stationery of the Arcade saloon, 17 South Illinois street, Indianapolis, a place conducted by George H. Brown, formerly a well known Fort Wayne saloon man.

The check was drawn by Mrs. Ida Cook in favor of Mrs. Lulu Huntine. McMullin also returned a receipt for house rent given by Mrs. Mary C. Ewing to Mrs. Huntine for $33. He evidently thought it, too, was a check.

McMullin disappeared Sunday night or early Monday morning and must have gone direct to Indianapolis as his letter was mailed from there yesterday afternoon at 3:30. He is 31 years old. Photographs of him in wild west costume were found in his room later.

# IN THE CHURCHES

### Church Notes.

### Officers and Teachers Meet.

Sixteen officers and teachers of the Southside Baptist church held a meeting at the home of Mr. E. J. Graham. Sunday school superintendent, and plans for larger work in the church were formed. It was decided at the meeting that all services of the church will be held during the vacation of Rev. C. E. Ehle, who leaves next Monday.

## MAY DEMAND JURY TRIAL.

### Jagsters in Washington Given Privilege Under New Excise Law.

Washington, Aug. 5.—Because of the heavy penalties imposed under the new excise law on those who appear in court in Washington after too liberal indulgence of intoxicating stimulants, Judge E. Pugh announced in police court today that hereafter such persons may demand and obtain a jury trial if they so desire. The departure is a new one, and in the opinion of lawyers, promises to embarrass the court when it has a full docket.

The court has instructed the bailiff hereafter to inquire of all prisoners charged with drunkenness whether they desire to discuss their alleged "jags" before a jury or simply before the judge. The decision is up to them.

### LICENSED TO WED.

Ralph A. Reed, fireman, 25, and Lucile L. Havert, 20.

**$361.00**

**Fort Wayne citizens do not need to go out of town for extra fine and expensive Furniture. They can find it at Foster's and about one-third less in price than in the great cities. See in their Court street window this week the splendid 10-piece Golden Oak, true Colonial, quarter-sawed and cross-banded veneer Dining Room Suit, well worth $450, that they price at $361. No finer Dining Room outfit was ever landed in Fort Wayne.**

# BANKERS SELECT PAUL F. KUHNE

## Clearing House Manager to Represent Local Banks at Washington.

## AT BIG CONFERENCE

Fort Wayne bankers who are members of the local clearing house association, met this morning at 10:30 o'clock at the associations' offices on Court street and selected Manager Paul F. Kuhne to represent the local financial institutions at a conference of middle western bankers to be held next Friday morning with Secretary of the Treasury McAdoo, at Washington, D. C. The meeting was attended by representatives of all banks affiliated with the clearing house.

PAUL F. KUHNE

Will Represent Fort Wayne Bankers at Conference With McAdoo.

The conference at Washington will be attended by representative bankers from fifty-eight of the largest cities in the agricultural regions of the south, middle west and the Pacific coast and the principal object of the session is to take up the matter of distributing the $50,000,000 of government funds about to be deposited in the national banks throughout the country to facilitate the marketing and movement of the crops.

Mr. Kuhne has a keen insight into conditions in this part of Indiana's agricultural region and will take with him a statistical statement showing the comparative amount of grain and other products grown by the Indiana farmers. The local clearing house was invited to send a representative to the meeting, the invitation coming by telegram Monday afternoon.

Samuel M. Foster, president of the German American National bank, wrote to Secretary McAdoo several days ago, asking him about the possibilities of Fort Wayne banks getting a portion of the $50,000,000 to be distributed within a short time to relieve the money stringency, always experienced during the crop moving season.

### GEORGE H. ALLEN CHOSEN.

#### Will Represent Postal Clerks and Carriers at Convention.

At a meeting of the Fort Wayne Postal Clerks and Carriers' association Monday evening, George H. Allen was elected to represent the local organization at the national convention of clerks and carriers to be held September 1 to 4 at Cleveland.

One of the most important business matters to come before the national session, is the proposed plan of electing national officials of the association by popular vote instead of by the vote of delegates in convention assembled. It is understood that the Fort Wayne association favors the proposed change, which gives every member of the organization an opportunity to ballot for his favorite candidate.

The association will hold its annual picnic on Labor Day at Foster park. Committees to perfect arrangements for the outing will be appointed within a short time.

### CORONER STARTS INQUESTS.

#### Four Cases Called This Afternoon by Dr. E. H. Kruse.

Coroner E. H. Kruse started inquests this afternoon into the deaths of four Fort Wayne people who met their end in violent manner during the last week. Examination will be conducted into the cause of death of Garry Creigh, killed in a motorcycle accident at the Driving park last Saturday; W. F. Cox, killed when run down by E. H. Soge in an automobile Saturday evening; John C. Rost, the aged man who choked himself to death with a rope, and Julius Mogalle, who died suddenly Friday evening, supposedly from heart disease. Twenty-five witnesses have been summoned for the inquest, which started at 2 o'clock.

### HEAR FROM THE SHERIFF.

Sheriff A. C. Gladieux wired from Springfield, Ill., this morning that he would leave at noon for Chicago. He doubtless has completed his papers for the extradition of the colored women, Susie Taylor and Retta Burley, who broke jail here, for he said he expected to return tomorrow.

# DEATH COMES TO ROBT. HAMMOND

## Pennsylvania Conductor Dies After Illness of Six Months.

## THE OTHER DEATHS

After an illness of six months due to Bright's disease, Robert Hammond, one of the best known conductors employed on the Fort Wayne division of the Pennsylvania, died at 2:30 o'clock this morning at the family residence, 2414 South Harrison street, at the age of forty-nine years, nine months and twenty-five days.

Mr. Hammond was a son of the late Thomas J. Hammond, and was born in London, Eng., October 10, 1864. He came to this country at an early age, and had been a resident of Fort Wayne for many years. He was one of the best known passenger conductors on the Pennsylvania lines and his untimely death is mourned by a host of friends and associates. He had been employed by the Pennsylvania company for many years.

Surviving besides the widow he leaves one brother, Thomas G. Hammond, of this city; one half-brother, James Bayliss, Grand Rapids, Mich., and one sister, Mrs. John McMillan, of Springfield, Ill.

Funeral services Thursday afternoon at 2 o'clock from the residence, Rev. Edward Montgomery officiating. Interment at the I. O. O. F. cemetery at New Haven.

### ROSENBAUM.

William Rosenbaum, aged thirty four years, died Monday evening at St. Joseph's hospital where he had been a patient since last May. He recently submitted to a surgical operation. Mr. Rosenbaum had resided in Fort Wayne nearly all his life and was well known. Surviving he leaves the mother, two sisters, two brothers, one half-sister and two half brothers.

Funeral services Wednesday afternoon at 2 o'clock from the Ulmer undertaking parlors on West Main street. Interment at Lindenwood.

CITY BREV

### JACQUAY.

Ocie M. Jacquay, aged twenty-two months, the infant of Mr. and Mrs. Lester Jacquay, of 1317 Wabash avenue, died Monday afternoon after a brief illness from spinal disease. Funeral services will be held Thursday afternoon from the residence. Interment at the I. O. O. F. cemetery at New Haven.

### FUNERAL NOTICES.

Knukle—Funeral services for E. B. Knukle Wednesday afternoon at 2 o'clock from the residence, 430 East Wayne street. Rev. Wagenthals officiating. Private interment at Lindenwood.

# 3,000 KNIGHTS OF COLUMBUS AT MASS

## Pope Pius Sends Felicitations to the Supreme Convention.

## REPORTS SUBMITTED

Boston, Aug. 5. Three thousand Knights of Columbus assembled at high mass in the cathedral of the Holy Cross here today. Bishop Anderson, of Boston, read a cablegram from Cardinal Merry del Val, conveying the felicitations of Pope Pius X.

The supreme convenion of the Knights of Columbus was later formally opened on board a steamer while the delegates sailed along the north shore. The growth of the order since the 1912 convention was reported by the supreme secretary, Wm. Ginley, of New Haven, Conn., who reported that on June 30 last the total membership was 302,074, made up of 98,783 insurance and 203,291 associate members, in fifty-two states and three territorial jurisdictions and 1,630 subordinate councils.

During the year forty-seven new councils were instituted and the net increase in membership was 10,326. Outstanding insurances aggregated $103,659,000, and death benefits during the year totalled $721,000.

### NEW MARRIAGE LAW PUZZLES.

#### Connecticut Justices of Peace in Doubt Regarding Non-Residents.

Stamford, Conn., Aug. 5.—The new Connecticut marriage law became effective August 1. It is now necessary for non residents to file five days' notice of their intention to marry before a license can be issued. The secretary of the state bureau of vital statistics has sent an opinion to the Stamford town clerk that it will be necessary for one of the applicants to appear and give notice of intention to ask a license. But the town counsel, Mr. Fuller, said that the information required, if given under oath, need not be supplied in person. The Stamford town clerk's office and the justices of the peace are therefore doubtful concerning what they may do in regard to marriage of non-residents.

# HOUSE NOW TURNS ON SEARCHLIGHT

## Lobby Probers at Work in Both Ends of National Capitol.

## FORAKER IN DENIAL

Washington, Aug. 5. The house lobby investigation got under way to-day with Louis Seibold, who prepared the exposures of Martin M. Mulhall for the New York World, as the first witness, identifying publishing statements and otherwise laying foundations for the cross examination of Mulhall. Representative McDermott, of Illinois, one of the members of the house named in the Mulhall charges, was represented by counsel.

Discussing the list of public men classified as those whom the national association of manufacturers had "no difficulty in reaching and influencing for business, political or sympathetic reasons," Mr. Seibold testified he had no purpose of implying any "moral obliquity" or "legislative impropriety" to the men mentioned.

"The basis for this list," said Mr. Seibold, "was the Mulhall letters, his personal narrative and statements he made to me." He told the committee that 400 or 500 new letters had been discovered within the last two or three days in which Representative Fairchild, of New York, was mentioned.

### FORAKER MAKES DENAL.

#### Ohio Man Talks of Times "Before We Got so Good as We Are Now."

Washington, Aug. 5. Former Senator Joseph B. Foraker was the principal witness to-day before the senate lobby committee. He appeared to deny many of the statements of Martin M. Mulhall, the alleged lobbyist for the National Association of Manufacturers. Chairman Overman to-day notified former Representative Charles E. Littlefield, of Maine, that the committee would be glad to hear any statement he desired to make. Mulhall claimed him as one of the friends of the National Association of Manufacturers in many fights before committees of congress. Littlefield recently wrote Senator Overman from Switzerland, asking for a hearing and denying many of Mulhall's charges.

Foraker explained his connection with the sale of the Union Pacific to a reorganization committee in 1897, which was brought into the lobby investigation by David Lamar. Lamar testified that Foraker, through influence in Washington, took a leading part in the deal, at Lamar's solicitation. Foraker testified that at the time of re-organization the Union Pacific owed the United States $30,000,000, and one proposal was that the government receive only part of that sum. Foraker swore that he did not figure in the case except in an effort to see that the government got the whole sum.

Foraker said he had known Mulhall since 1883, when he (Foraker) was a candidate for governor of Ohio. He did not know how active Mulhall was in his behalf in that campaign.

"I don't remember that I ever asked him to work for me, and I don't know that I asked him not to," he said. Foraker denied that he ever favored any legislation wanted by the National Association of manufacturers or that he talked with Mulhall about legislation in Washington. He said he frequently talked to men in the capital, however, in those days about legislation.

"Before we got so good as we are now," he said, "I thought it was all right to answer questions. Of course I never had idea that these conversations were to be made the basis of reports by some lobbyist."

Foraker flatly denied Mulhall's testimony of a conference at which many leading republicans opposed to the nomination of Taft gathered at Foraker's house to discuss plans for concerted opposition.

"No such conference was held at my house or elsewhere," said Foraker.

"I did not think Mulhall was a great a man as he thought he was, and I did not think he had as great influence as he thought he had. I did not take him so seriously as he did himself," said Foraker.

In contrast to those who have denounced Mulhall as a liar, Foraker amused his hearers by the calm way he talked of Mulhall's desire to appear with prominent men, talk with them and report what he thought they thought to his employers.

### DIDN'T SEE ONCOMING TRAIN.

#### Two Young Men Near Butler Killed on Lake Shore Crossing.

Kendallville, Ind., Aug. 5.—Gilbert Bryan, 18, Chester Jennings, 17, sons of farmers living near Butler, were instantly killed last night by a Lake Shore passenger train at Reynolds crossing. The boys were driving home in a buggy and did not notice the approaching train.

### SHOOTS WIFE; KILLS HIMSELF.

# LIMA HOLDUP MEN ARRESTED HERE

## Pair Who Slugged and Robbed Man Taken Here Inside of Three Hours.

## WILL BE TAKEN BACK

Within three hours after they had slugged and robbed Ray Towls at Lima, Ohio, sixty miles from here, Harry Boyd and Clarence Burns were in the hands of the Fort Wayne police.

The holdup took place just about dark on the streets of Lima and the footpads badly beat up their victim, took $20 from him and caught a passing freight train on the Pennsylvania. Towns along the route were notified, but they were not seen until they reached Fort Wayne. The police and Captain Stoll's Pennsylvania men were on the lookout. Lieutenant Bates of the Pennsylvania and Officer Zwick, of the city force, learned that the men had come from the east end on a westbound Creighton avenue car and got off at Murray street.

In the Ladig saloon, 1021 Calhoun street, the men were found at the bar drinking and placed under arrest by Officers Bates and Zwick and Plainclothesman Fry, who had meanwhile joined the party. They were slated for drunkenness and today held under $300 bond. This afternoon Detective Joseph Hefferan, of the Lima police, came to Fort Wayne for the men. He has warrants charging them with highway robbery.

### BIKE THIEF ARRESTED.

Last night Jacob Agne's bicycle was stolen from a place where he had left it on Barr street. Today the wheel was recovered and the thief arrested at the Martin Blacksmith shop on the Leo road, near Robison park. A young man, aged about 22, giving his name as Carl Mott, and his home as in New York state, came to the Martin shop and tried to sell the wheel for $5. Martin bargained with him until the police here could be notified. Lieutenant Eisenhut went out on a park car, arrested Mott and brought him in. Mr. Agne resides at 1222 Delta boulevard.

## ADDITIONAL SOCIETY

G. A. Dehm has returned from a few days' business trip to Chicago.

Miss Mary Deininger, of Decatur, is the guest of her sister, Mrs. Edgar H. Kilbourne for a few days.

Mr. and Mrs. Theodore F. Thieme are now at home in their new country residence in the vicinity of the Country club.

Melvin Lahman and Miss Flora Lahman have returned from an extended trip in Detroit. They were guests of relatives there.

Mrs. Belle Raeder and Miss Margaret Raeder, who went to Portland, Ore., early in the summer, leave that city today to visit California points en route here. After Mrs. Raeder and her daughter reach Fort Wayne, it will not be to resume their residence here. Miss Raeder will return to Portland the first of September to enter a girls' college there and Mrs. Raeder will follow her as soon as she can dispose of business matters. They will then make their home in Portland.

### Bussing-Kruse.

Miss Sophia Kruse, daughter of Mr. and Mrs. Ferdinand Kruse, of Gay street, and Mr. Henry Bussing, son of Mr. and Mrs. Henry Bussing, of Maumee avenue, were married at half past 8 o'clock on Sunday morning, at the parsonage of Zion's Lutheran church, by Rev. C. H. Luehr. The bride and groom were attended by Miss Minnie Kruse, Miss Elonora Fark and Messrs. Arthur Bussing and Henry Dickemeyer. The wedding breakfast was served at the home of the bride, and in the afternoon friends called to offer congratulations. The bride and groom went to Rome City for a few days. On their return they will make their home with the bride's parents. The groom is a clerk in the Bussing grocery store. Both bride and groom have many friends.

### Brackman-Roesener.

Zion's Lutheran church was the scene of a pretty wedding on Sunday afternoon at 2:30 o'clock, when Rev. C. H. Luehr united in marriage Miss Adella Roesener and Henry W. Brackman, in the presence of friends and relatives. The bride is a daughter of Mr. and Mrs. Fred Roesener, of 2132 John street. The bride looked very pretty in a beautiful gown of white net hung over silk and a wedding veil, and she held bride's roses. The bridesmaid, a sister of the groom was dressed in pink. After the marriage service the wedding party was entertained with an elaborate supper at the home of the bride's parents. Over one hundred friends and relatives were present to offer congratulations and enjoy the good time. The groom is an excellent young man employed by G. A. Dehm. The bride and groom have gone to house-keeping in their own home in John street, near the bride's parents.

# ASK DAMAGES OF GAS COMPANY

## Walnut Street Property Owners Say Trees Are Destroyed.

## NEWS OF THE COURTS

Two suits for damages—$500 in one case and $1,500 in the other, were filed in the superior court against the Indiana Lighting company today. These suits are echoes of complaint made a few weeks ago to the city council, when property owners complained that the gas company was tearing up a new pavement on Walnut street to find a leak and repair gas mains. The matter was investigated by the council committee on streets and alleys and the board of works. The gas company promised to restore the street as good as it was.

Now come Thomas Craig and Frederick Stoll and say that the gas company has laid its pipes with such defectiveness that the gas escaping has destroyed fine shade trees upon their property. Craig says in his complaint that trees twenty years old and five in number have been ruined and he asks $500 for them. Stoll says that ten trees, some of them forty-two years old, and some shrubbery have been ruined and that the gas has so permeated the ground about his premises as to get into the cellars and rooms of his houses and render them unsanitary, unhealthful and the cause of complaint from his tenants. He places his damages at $1,000.

### Notes of the Courts.

William H. Gebhart has been granted permission by the circuit court to purchase the saloon license held by the administratrix of the estate of the late John C. Gebhart, his father.

In the superior court Robert C. Phipps has begun a divorce suit against Lizzie Phipps, charging cruel treatment. He asks for the custody of a minor child.

Edward S. O'Reilly and Catherine O. O'Reilly have sued Eugene S. Light for foreclosure of a mortgage for $2,500 and the superior court has issued an injunction to restrain the defendant from removing and selling any sand and gravel on the mortgaged property.

The German American Trust company as receiver for the Eureka Garage company, has commenced suit against Charles B. Bancer, et al., for possession of automobiles and assets of the Eureka garage.

Tomorrow the county commissioners will let the contract for building of the Bailey stone road from Leo to Grabill, 2.79 miles in length. A large number of bids are expected.

### COMPANY EXPECTS FIGHT.

#### Will Attempt to Operate Cars Where Detroit Franchises Have Expired.

Detroit, Aug. 5.—Officials of the Detroit United Railways today announced their determination to attempt to operate street cars on Thursday on city lines where their franchises have expired. It was also admitted that the officials expect that the Detroit common council will tonight pass a resolution declaring three cents to be the regular fare on the franchiseless lines. The company, it is said, will demand the present five cents fare. The possibility of a compromise was considered today to be extremely remote. The street railway company agreed to grant a rate of eight tickets for a quarter on all of the lines in question provided the city renews the franchises on these lines.

### DOG WILDLY DRIVES HORSE.

#### Yanks on Lines When Alone and Runaway Results.

York, Pa., Aug. 5. A pet bull pup in the rig of Dr. W. R. High, left standing before the home of a patient, yanked the reins with his teeth and caused the horse to run away, endangering a number of persons in its course. The vehicle finally collided with a tree and the horse was badly hurt. The dog, which had coolly maintained its seat, came through unscratched.

### FORMER POPULIST LEADER DIES.

#### Samuel Wardell Williams Passes Away at Vincennes.

Vincennes, Ind., Aug. 5.—Samuel Wardell Williams one of this city's prominent attorneys and a national figure politically, died here early today, following an operation for appendicitis. He was born at Mt. Carmel, Ill., February 7, 1851, and was educated at the Friendsville, Ill., academy. He located in Vincennes in 1870. He was elected to the legislature in 1882, and again in 1884. Mr. Williams was once of the leaders in the populist movement a few years ago, and was the party's candidate for vice president of the United States in 1908.

### MAKE DEMAND OF POLICE HEAD.

#### Indianapolis Church Federation Wants Resorts Closed Up.

Indianapolis, Ind., Aug. 5.—A resolution handed to Superintendent of Police Hyland and demanding that he close wine rooms and immoral resorts in the city was made public today by the morals committee of the Indianapolis Federation of Churches. It was said this action was taken only after Supt. Hyland had told members of the committee that there were no wine rooms and immoral resorts in the city. It is understood the committee mapped out a line of procedure in case the police department failed to take any action on the demands of the federation. The first move, as stated in the resolution, will be to call a public meeting and demand the resignation of "unworthy public servants now in office."

Caleb S. Denny, former mayor of Indianapolis, is chairman of the committee.

### NO BOARD OF SAFETY MEETING.

Though all of the members of the board of safety are in the city no meeting will be held tonight as was purposed. The meeting has been postponed until next week. The board today commissioned Samuel LaFever a special policeman for the Pennsylvania railroad.

The board will appropriate money sufficient to send the city's chief electrician, Robert Gaskill, to the annual convention of city electricians to be held this month.

Ben Hur Court No. 15 has postponed its usual Wednesday dancing affair until Sept. 3.

## SCOUTS LOOKING OVER FORT WAYNE AND TERRE HAUTE PLAYERS HERE.

MIKE KELLY. ORVIE OVERALL.

**Manager Mike Kelly**, of the Indianapolis club, and Orvie Overall, of the Cub pitching staff, were looking over Fort Wayne and Terre Haute players at the local ball park yesterday and they are as communicative as most scouts are. The whole lot "is just looking around."

Kelly needs ball players and has adopted the plan of taking youngsters and developing a team that will last when it is once developed. He could use several Fort Wayne players and while he will not get a chance at the most desirable he may be able to get hold of them later from the big league clubs that buy or draft them.

Overall is probably looking at Eugene Hargrave. Report has it that the Cubs have been inquiring about him and this is probably true and the big and famous pitcher of the Murphy troupe will probably pass on him before a deal is closed.

# SAYLOR GIVES A HEAP OF WEIGHT

## Indianapolis Boy Will Meet Welch If He Can Trim McIntyre.

Indianapolis, Ind., Aug. 5.—Accompanied by his manager, Ray Bronson, Milburn Saylor, Indiana's crack lightweight, has hiked for Saskatoon, Canada, where Aug. 7 he hooks up with Mickey McIntyre, the 142 pound sensation who has won a name for himself in recent bouts in the northwest. Saylor and McIntyre will travel the twelve round route to a decision.

In meeting McIntyre, Saylor will be taking on a much heavier boy, but he is anything but worried.

"My manager knows just about all there is to know about this ring game," said Saylor, "and he knows what chance I'll have with McIntyre. He isn't going to put my head in any loop and I know that I will win and win decisively."

Manager Bronson is just as confident. He declares Saylor's speed and great punching ability will offset McIntyre's advantage in weight. He is confident that Saylor will win and within the limit.

McIntyre's best bout recently was when he won over Billy Griffith, the Cincinnatti, O., welter, at Saskatoon. McIntyre showed great class in that bout.

In all likelihood, Saylor will meet Freddie Welch, England's lightweight champion, about a week after he takes on McIntyre. Welch is now in the northwest and promoters have been communicating with Manager Bronson for several days in an effort to match his protege with the British title holder.

Bronson is anxious to send Saylor against Welch. He is confident that Saylor will prove too much for the British battler and will win over him in a decisive fashion. If he does, Bronson intends to force one of the "Big Six"—Rivers, Wolgast, Ritchie, Cross, Murphy or Anderson into a match on the coast at once. Boxing in the form that he displayed in his most recent bouts in which he scored knockouts, Saylor has a right to meet any lightweight in the game. Bronson is sure he will maintain this form.

# STRUCK OUT THE FIRST AT PLATE

## Ainsworth Starts With a Handicap But Beat Out Old Hoodoo.

### WENT EXTRA ROUNDS

Ninety per cent of the ball players engaged in the professional game will tell you that it's most certain defeat to strike out the first batsman in a game and many of the most prominent exponents of the art of hurling will lay over a straight ball with two and three on the first man at the plate rather than try deliberately for a strikeout.

Earl Ainsworth, with his sun-kissed locks that earned him the name of "Red," let this popular hoodoo get a hammer lock on him in the opening round of the third set with the Pets at the Varnell campus yesterday but he broke the hold and with the assistance of some gritty and hardworking pards he came through with a quartet of runs in an eleven-inning combat and it was just one more than the enemy had garnered.

Rufus Gilbert pitched a nifty sort of ball and his defeat is not directly chargeable to anything he allowed as his defense broke on him in the final round and slipped a victory to the home talent.

Ainsworth was hit often but he showed the right sort of stuff in the tight places and to this showing is due in a great measure the victory he earned for the lady fans who were guests of the management.

Marcus Aurelius McLafferty opened the final inning by striking out and after Fred Bratchi had two and one on him he waited Gilbert out and was passed. Guy Tutweiler hit a ball down to first and Beall got it but there was nobody on the bag just when he should have thrown and by the time somebody got there he had to hurry and he made a wild throw.

This gave both runners a chance to advance and Bratchi was at third when Ted Anderson met the first ball pitched and although George Wheeler made a good catch and a fine throw to the plate the run was across before the ball got there.

Gorman hit in the first and stole second with one gone, scoring on Hargrave's single. The locals hooked up in the second on Craig's wild throw of Anderson's grounder, Welch's hit and Martin's sacrifice fly. Terre Haute showed in front again in the fourth on Hargrave's hit, a sacrifice and a drive by Donahue that earned him two bags.

Evers' double, an out and Wheeler's hit gave the visitors a two-run advantage in the fifth but the home talent knotted it in the final half when Ainsworth was safe because Beall failed to touch the bag after getting the throw of his grounder and Fabrique hit. McLafferty moved both with a bunt and they scored on Bratchi's single. The score:

### PULLING FOR THE NAPS.

**Great Showing by the Cleveland Big Leaguers Elicit Support of Fans.**

Youngstown, O., Aug. 5.—It is doubtful if the most ardent Cleveland fan is plugging harder for the Naps to win the pennant than are the fans of this city. The race is getting better every day, especially the past few days, and the score boards are eagerly watched here during every game. "How's Cleveland makin' out?" is the greeting down town these days, and Birmingham certainly would feel good if he could just see how local fans are pulling for him. By Cleveland winning the rag it would mean that hundreds of Youngstown fans would probably have a good chance to see some of the series. Nevertheless, the Sixth City is Ohio's metropolis and why should not all of us plug for her to win?

# NEW OUTFIELDER MAY BE REFUSED

## Is Not Needed to Fill in and Burke Don't Need a Man.

### OVER PLAYER LIMIT

Owner Claude H. Varnell may refuse to take Billy Colligan on his Fort Wayne team as the club is winning just as it stands and does not need a new outfielder.

When he was purchased Welch had slumped badly and it was thought he would be displaced but he is hitting and fielding in good shape and is running the bases and there is now no idea of parting with him. This applies to Fred Bratchi and there never has been a chance to get Guy Tutweiler's job.

Bratchi was hurt and Colligan was badly needed and at that time the local club owner was notified that the sale was void as Colligan did not belong to the Erie team of which he was purchased. In the meantime Welch got back on his stride, Bratchi recovered and there was no need for a man.

Just about the time things got going right Mr. Varnell received a telegram saying Colligan had been mistaken for his brother and that he would report here on Tuesday. Manager Burke does not want him. He thinks his outfield is as good as it would be with Colligan added and if he is retained somebody will have to go as the club will be over the player limit of fifteen men.

The owner and manager were to talk the matter over today and decide what will be done. Mr. Varnell does not believe there is any obligation resting upon him to take the player as he had been notified the sale was void. Suprose he had gone ahead and signed another man by purchase and then had Colligan sent to him. He would have been in pretty bad and, as any errors that have been made occurred in the office of the secretary of the National association, he does not feel forced to buy the player.

Colligan is a good man and it is possible that some of the other Central league teams can use him and if this is found to be the case he can easily be shunted over.

# JOE STANLEY IS WILLING WORKER

## Is Playing Second Base and Just Fills in Where He's Needed.

### PLAY HERE TOMORROW

When there's anything to be done on the Springfield team the players just let Joe do it and Joe generally does it.

By Joe is meant Mr. Stanley, chief director of the Kemper organization who is at present playing second base for his club and who will appear in the role at the Calhoun street yard tomorrow afternoon in the first tilt of a three-day engagement.

Joe has pitched and played the outfield and if he could be persuaded to get behind the bat for a game he would have gone through all of the degrees and would be in line with Runt Walsh, of Philadelphia, and Kenworthy, of Denver, who played in their time all of the positions.

Stanley has a pretty nifty club in spite of the fact that Charlie Stewart was recalled by Indianapolis. Buster Keene has replaced him in center field and Markey, who broke in with the club when it was here before has developed into a good first baseman and is playing the place regularly.

Mike Kelly, manager of the Indianapolis club, is here and it is possible he will stick for the game tomorrow and may strengthen the Reapers up so they can try for second place now held by the Varnell combination.

In the game at Grand Rapids yesterday the Harvesters got to Ed Smith in the opening inning and battered him for three tallies but Hixon blew in the second and was touched for enough hits to yield five tallies and then Smith tightened up and went out.

In the meantime Phil Stremmel was doing some great hurling against Evansville at Dayton and he shut out his opponents with five hits. The scores:

| | R. | H. | E. |
|---|---|---|---|
| Grand Rapids | 12 | 0 | |
| Springfield | 4 | 8 | 2 |

Batteries—E. Smith and McGraw; Hixon and Snyder.

| | R. | H. | E. |
|---|---|---|---|
| Evansville | 0 | 5 | 1 |
| Dayton | 3 | 6 | 0 |

Batteries—Spald and Stratton; Stremmel and Armstrong.

### GIVES EXPERT OPINION.

**Frank Newhouse Tells How Fast the Exploded League Was.**

(Wheeling Register.)

Frank Newhouse, former umpire in the Central and Interstate league, was a visitor in the city yesterday. The indicator man was in this section signing up players for the Kansas City Federal league team, and one of the remarkable statements that he made while here was that the Interstate was one of the fastest Class B leagues in which he ever worked. He offered as proof the fact that after losing twelve straight St. Joe of the Western league, Class A, signed six Erie players, and then copped six in a row. And it is a lot easier to drop them than win them.

Newhouse is now umpiring in the Federal league, but took a day off to locate some players for the Kaw team. He signed Swartling and Murray, former first and second basemen, respectively, for the Steubenville team. He also got two catchers, Mully Miller and young Orris, former first and second string catchers for Curly Blount at Youngstown.

# KELLY PROMISES TO BE CHAMPION

## Great Athlete Seen in Traffic Policeman in New York.

### MAKES GOOD SHOWING

New York, Aug. 5.—In John M. Kelly, the New York policeman who won the all-around championship at Celtic park last week, Lawson Robertson, the famous trainer of the Irish-American Athletic club, believes he has a champion who will bring to the club as many honors as did Martin Sheridan when that great athlete was at his best.

Kelly is a big man, built along the lines of Sheridan. He is twenty-seven years old, weighs 175 pounds and stands six feet one-eighth of an inch in his stockings. Although he has competed in many events and won scores of prizes it was not until the Scots' games last week that he earned fame.

Without a minute's training Kelly completed in this gruelling all-around competition, defeating nine high class athletes and rolling up a total of 4,800 points after having been practically disqualified in two of the ten events.

Before the event he was considered to have no chance to carry off the honors. While spending his vacation up in Pennsylvania Kelly saw the announcement of the all-around contest. He hiked back to the city and consulted Lawson Robertson, his trainer. "Robby" knew his ability, but refrained from entering him because of his lack of condition. Also Kelly was not registered with the A. A. U.

"I'm in good enough shape to win that event," he told Robby, and then he sought out James E. Sullivan and registered as an amateur. Robby entered him and gave him an order for his togs and shoes, the city and consulted Lawson Robertson, why he wanted the shoes in a hurry the little veteran expert told him he was foolish to compete in the event. "You might have a chance if you were in condition," said the "Sparrow," "but why go into an event that you have no chance to win?"

"I'm going in," replied Kelly, "and if the shoes are not ready I'll wear the ones I have on."

When Martin Sheridan heard that Kelly was going to compete, he too told him that he had no chance to win. "Don't make a fool of yourself," said Sheridan. "I know what an all-around contest is. You must be in perfect shape to compete in all the events, let alone win them. You have no chance to win and the contest will kill you."

Kelly's reply was similar to the one he had made to the "Sparrow." Then Matt McGrath, Pat McDonald, Melvin Sheppard, Harvey Cohn and Jack Eller told him to "keep out of that kind of contest until you are in good shape."

But Kelly went to the park and prepared to compete.

In the 100-yard dash he showed good form. It was the first event, and after it some of the experts tried to induce him to quit. But Kelly went on and started and finished in the running broad jump, the high hurdles, the running high jump, the hop, step and jump, the half-mile walk, the one-mile run, the 56-pound weight event, the hammer throw and the discuss event.

After the contest he was far from being "all in," and accepted the congratulations of his friends with "Wait until I'm well trained for an event and you'll see what I'll do."

Lawson Robertson says that if Kelly can get sufficient time to train as other athletes do he will produce a world's all-round champion in less than a year.

Kelly is a traffic cop, stationed on Broadway. This work necessitates his standing on his feet continuously for nine hours. Despite this job, Kelly keeps in fairly good condition by swimming and playing handball.

Although not registered, Kelly has twice won the Page trophy by scoring the most points in the traffic cops' games. In 1911 and 1912 he won seven events at a set of games. Because of this he was barred this year from the contests, with the result that he did no training.

### POSTOFFICE CLERK RESIGNS.

Charged with insubordination, because he had not taken an examination for the past three years, John L. Robinson, clerk at the Fort Wayne postoffice, has been asked to resign, which he did Monday. Mr. Robinson had been employed at the postoffice for five years and was always considered a good employe. He resides with his family at 714 Archer avenue.

## MEN WHOM BASEBALL HAS MADE RICH.

**Connie Mack is the Shrewdest Mind in the Game, and Has Won Two World's Championships and is Rated at a Quarter of a Million.**

THE CARICATURIST'S IDEA OF CONNIE MACK, DRAWN FROM LIFE.

The best loved man in baseball; that's Connie Mack, winner of four American league and two world's pennants, manager and part owner of the Athletics, who 29 years ago quit shoe making at Haverhill, Mass. to play ball.

Connie Mack is worth perhaps a quarter of a million, and he made it out of baseball, saving and investing his money.

Mack went into baseball because he loved the game. He is a success through his ability to judge and handle men, because of his far-sightedness and unerring judgment, backed by hard work. He required no pull. He had ability.

Mack was 22 when he quit making shoes. His first baseball job was as catcher with a Connecticut club which sold him to Washington. He went next to Pittsburg. For nine years Mack played in the National and he was in the Brotherhood for a year.

Mack bought his release from Pittsburg, counting his 18 years a failure and deciding to begin over. He signed to manage Milwaukee, where he was given full authority. In Milwaukee he started his correspondence school which has landed him most of the men who have won flags for the Athletics.

The majority of Mack's correspondents were ex-players whose friend he always was and who are well paid for the discovery of a player whom Mack signs.

When the American league was organized Mack was appointed manager of the Athletics and he backed his judgment by investing $18,000 in club stock. Today he owns one-quarter of the club, which has a half million dollar home and spends $300,000 annually in running expenses.

## A STRIKING PICTURE FROM ALASKA—THREE MILLIONS IN GOLD DUST ABOARD THESE SLEIGHS!

This picture shows one reason why Uncle Sam ought to open up our northwest American empire, Alaska, by building railroads. These sleighs are loaded with $3,000,000 of gold from the Yukon river region, brought down in this fashion at an immense cost, to the Copper River railroad, the 200-mile Guggenheim line, which connects with the coast.

One of the first projects proposed by Uncle Sam is to build a railroad from the south coast to the Yukon river, via the Tanana valley. When that is completed, more miners will go digging in that region and the chances are that the Yukon will develop into one of the greatest gold producing sections in the world.

At present the total output of gold and all other products of the Tanana valley amounts to $5,000,000 annually. The amount paid for hauling these products out and supplies in is $2,500,000. Thus half of what the valley produces is paid out for transportation. It is believed that a government road would cut these costs to one-fourth the present rates.

FOR OFFICE CONSULTATIONS. MEN WHO SUFFER FROM BLOOD DISEASES, NERVOUS DEBILITY, KIDNEY, BLADDER AND PROSTATIC DISEASES, SWOLLEN GLANDS, PILES, RHEUMATISM, CATARRH, VARICOSE CONDITIONS AND RECTAL DISEASES.

My special charge for office consultation in treating the above diseases will be 50 cents a visit. This unusual offer is possible because of my immense practice. I treat hundreds of my specialty quickly and effectively, while the average doctors probably treat only a few.

My strength-giving treatments, using the marvelous Violet Waves, Therapeutic Lights, Oscillation, X-Rays and Ozonization, are producing the most pleasing results. So effective they are that many are satisfied in two or three visits. If you think your case cannot be cured so quickly, I shall be glad to name you a low flat rate for all consultations necessary. You will not be allowed to drag along indefinitely, hoping against hope for an ultimate cure. When I make you a flat rate it is only common business sense for me to put forth my best efforts to obtain a cure for you as quickly as possible. See me at once.

My best reference is my many cured, satisfied patients. All patients calling are insured of my own PERSONAL ATTENTION, as I EXAMINE and TREAT all PATIENTS MYSELF, and at no time during your treatment will you be subjected to the care or attention of any ASSISTANT, nor will there be any change of DOCTORS during your entire treatment. You are not treating with a company doctor.

DR. C. S. FERRIS

Blood Poison, Skin Diseases

If you are suffering from SPECIFIC BLOOD DISEASES, with sore mouth, throat and tongue, rash over body, lose no time in consulting me. I use the genuine Professor Ehrlich's remedy (imported from Germany) and administer the same to you right in my office; no GOING to the HOSPITAL, no PAIN, no LOSS of TIME, and you can return home immediately after the treatment, as it only requires 5 minutes of your time by my method of administration. In ordinary cases one treatment of this remedy conquers the worst form in either the PRIMARY, SECONDARY or TERTIARY stages.

STRICTURES of the urinary canal as burning and scalding symptoms and any and all interruptions to the flow quickly respond to proper treatment.

STOMACH conditions, COATED TONGUE, perverted APPETITE, GASES causing a FULLNESS and DISTRESS after EATING, HEARTBURN, palpitation, DIZZINESS and all other conditions of the stomach show signs of improvement at once by my system of treatment.

RECTAL disease such as PILES, FISSURES, FISTULAS and PROLAPSES or any other conditions of the rectum, all respond quickly by my system of treatment. No cutting.

RHEUMATISM, either ACUTE or CHRONIC, or any other forms, as well as ENLARGED and STIFFENED JOINTS respond to my system of treatment at once.

NERVOUS DEBILITY is an EXHAUSTED and WEAKENED condition of the NERVES and NERVE CENTERS and often leads to a general NERVE DECLINE, IMPAIRED MEMORY, MELANCHOLIA, MENTAL ANXIETY, absence of NERVE as well as WILL POWER, together with a partial or complete loss of one's vitality. If you have any of the above symptoms consult me at once.

BLADDER and Kidney diseases, swelling of the feet and legs, painful and scalding urination, pain in back and sediment in urine all respond quickly to my system of treatment.

NERVOUS—Are you WEAK, NERVOUS and IRRITABLE, with dark circles under your eyes, have you that tired feeling in the morning, accompanied by a feeling of lassitude and lack of confidence and bashfulness? If so, consult me at once.

ULCERS caused by injuries or an infection or broken down veins or the results of a fever, or any other cause, are treated by me with the greatest of success.

HYDROCELE or any SWELLING, TENDERNESS, IMPEDIMENTS of parts respond to my treatment at once. Rupture treated without the aid of the knife.

MEN suffering from any SPECIAL disease or CONDITIONS should consult me when in need of the SERVICE of an EXPERT SPECIALIST, as I treat all special diseases of MEN.

HOURS—9 A. M. to 8 P. M. DAILY, SUNDAYS AND ALL HOLIDAYS, 9 to 1. No patients treated by mail, so call—do not write.

# MAKING POWER ON THE WEST COAST

## Twelve Million Dollar Plant to Carry Nearly 70,000 Horsepower.

## MORE THAN 200 MILES

Los Angeles, Cal., Aug. 5.—The labor of 60,000 men, employed at the rate of 3,500 per day during the past two years, and the expenditure of more than $12,000,000 in money, for the development of two units of the greatest hydro-electric system in the world, draws to a close, and some time in September the Pacific Light and Power corporation's superintendent at Big Creek plant, perched 7,000 feet above the sea on a mountainside in the Sierras, will touch a little ivory button, opening the longest tension electric circuit in the world, and hurl 70,000 electric horse power over 241 miles of space to Los Angeles—enough power to light a million homes continuously or operate all the electric railways in the south.

And this is but the beginning, for when this is done, the two power houses constructed will each be operating only to half capacity, and there are at least two more power houses, with their series of dams and tunnels, still to construct, while even above the present power houses, where the greatest electric storage dams in the world are already built, fifty additional feet are to be added to the height of the dams in order to store millions of tons of additional water.

Millions in money are absolutely necessary to keep pace with the electric power needs of Southern California, which with the opening of the Panama canal faces a known growth that is staggering, and which is already marked by the most rapid extension of electric railway lines in the world—lines that will, within the next few years, require almost unlimited electric power to handle the traffic that already is the most serious problem in the south.

### Demand for Power.

Facing the need of this power it was impossible to fill the demand through any other channel than that of the Pacific Light and Power corporation backed by Henry E. Huntington, who as successor of the late Collis P. Huntington, of Southern Pacific fame, turned his attention to electric railway building and has already constructed out of Los Angeles 1,500 miles of electric railways that cover Southern California like a spider's web.

The Big Creek project now under construction is the greatest electric power development ever conceived. There, fifty-six miles east of Fresno, surrounded by the mountain promontories of the Sierras, is being stored some 110,000-acres feet of water, forming a lake six miles long, with an average width of approximately one mile, and 150 feet in depth. There are three dams in the system, 160, 90 and 75 feet in height, respectively.

This lake thus imprisoned will be of sufficient size to store a year's supply of water for power purposes. The yearly precipitation of the mountains in this district varies between 82 and 150 inches, which the engineers claim is more than a sufficient supply to operate all the power houses now planned to their utmost capacity.

### Greatest Drop in the World.

The water will be carried through a twelve-foot tunnel and dropped in less than a half a mile a distance of 2,480 feet into power plant No. 1, the greatest power drop in the world. This is the first of two companion buildings now under construction, each of which towers 140 feet above the water line. It is expected that this plant will be in working order soon.

From here the water, reinforced by the flow of another stream, is to be conveyed six miles in a tunnel driven through the solid rock, to a depth of 1,950 feet into power house No. 2, where the transmission line for Los Angeles commences. This plant will be completed by September.

There are two other reservoir sites below the second power house. One has a drop of 1,300 feet and the other has a drop of 600 feet.

In order that this work might be carried on, it was found necessary to construct a railroad the San Joaquin and Eastern—from El Paso into the mountains east of Fresno, a distance of fifty-six miles, at a cost of more than a million dollars. It was also found necessary to construct two inclined railroads, both of which are longer and steeper than the famous Mount Lowe incline above Pasadena.

Approximately 21,000 tons of provisions have been consumed by the 3,500 men who have been employed daily by the company for the last eighteen months.

The total freight required for the work up to the first of the month has been 125,712,000 pounds, or 7,000 cars.

### How They Concentrate Force.

There are 10,000,000 pounds of imported steel pressure pipe to carry the water from the tunnels through the 2,180 and 1,950-foot drops to the power plants. These pipes are nine feet six inches wide at the top and gradually decrease in size as they near the base, where they are but twenty-six inches wide. They are fitted with four-inch nozzles, through which the water will, with a concentrated force pressure of nearly half a mile of water, strike the huge water wheels that operate the generators. The force of this water is estimated to be 1,000 pounds to the square inch. Pure nitro-glycerin, by way of comparison, explodes with 800 pounds pressure to the square inch.

From Big Creek to the sub-station at Eagle Rock, near Los Angeles, the power will be transmitted with a voltage of 150,000 and a frequency of fifty cycles. This is the largest voltage handled so far in the history of the world and over a transmission line longer than any other in existence.

Each of the six lines will be of aluminum, with a steel core, and will be thicker than the Atlantic cable. They will be carried on a duplicate system of specially constructed steel towers. Even with aluminum as a medium, more than 4,000,000 pounds, the total output of this country for a year, will be required to carry the power. The suspension insulators necessary weight is 2,000,000 pounds. The total weight of the material for the towers is 14,500 tons.

## Two Years Age Limit

Babies under two years of age are eligible to enter the Baby Show at Robison park on Wednesday, August 6th. The Baby Show is so well established now that it is not necessary to register. Just bring the baby along as none will be barred. The judging will begin at 1:30 p. m. and will take place in the grove in front of the band stand; it will continue until all the prize winners are selected. The prizes will be awarded after the decorated carriage parade. There will be a special section for fat babies, one for tiny babies and a special section for twin babies. These sections will be designated by large signs. The decorated carriage and go-cart parade is independent of the Baby Show. Special prizes are awarded for decorations. Babies intended for the Baby Show, therefore, do not need carriages or go-carts. No matter how old a baby may be, it can ride in a decorated carriage or go-cart, but babies competing for prizes in the Baby Show must be under two years of age.—Adv.

## IN MOVING PICTURE SHOW

### Indiana to Figure in Penna Exhibit at Exposition in San Francisco.

### ARTISTS OUT GETTING VIEWS FOR FILMS

### Former Fort Wayne Man Takes Responsible Position at Oakland.

Indiana will figure extensively in moving pictures which will be a part of the exhibit of the Pennsylvania railroad at the Pacific Panama exposition at San Francisco in 1915. Extensive preparations are now in progress for this feature of the exhibit and Fort Wayne will be given representation in it. F. R. Eshelman, manager of the advertising bureau of the Pennsylvania, with some expert photographers, is now making a tour of the lines and is today on the Western division. He and his assistants left Chicago at 8 o'clock this morning on a special train and will pass through Fort Wayne some time this afternoon. En route the artists will take photographic views of the country so as to give a pretty fair idea of it when viewed in the moving picture exhibition at the great exposition in San Francisco. Supt. W. M. Wardrop and Trainmaster J. F. Patterson, of the Pennsylvania, went to Chicago last evening to meet Mr. Eshelman and accompany him and his assistants over the Western division.

#### G. R. BLAKESLEY PROMOTED.

**Takes Charge of Power Plant at Oakland, Ill.**

George R. Blakesley, who resigned a position in the testing department at the Fort Wayne Electric works six months ago and went to Chicago, has been appointed superintendent of the plant at Oakland, Ill., of the Central Illinois at Oakland, Ill., succeeding Mr. Kimler, who held the position several years. The position is considered a desirable one, as one of the emoluments is a good salary. Mr. Blakesley was at the Fort Wayne Electric works several years, commencing as a student or apprentice and when he left the works he was considered well versed in matters pertaining to power and lighting plants. He is a son of Conductor and Mrs. John S. Blakesley, of 2535 Lafayette street. The Oakland Messenger of a recent date was very complimentary to Mr. Blakesley in its notice of his appointment.

#### WILL TOUR THE WEST.

A party of Fort Wayne people which will include T. H. Tibbles and mother, Mrs. Hariet Tibbles, and Conductor and Mrs. John W. Donivan, will leave the city in a day or two on an extensive western trip, the most remote point of which will be VanCouvre, B. C. En route west they will stop at Denver, Colo., to attend the Knight Templar conclave; Salt Lake City and other points of interest. Considerable time will be spent at Portland, Ore., where Harry Donivan is located, and at Eugenia, Wash., where Frank Donivan is located. They are the sons of Mr. and Mrs. Donivan. They will also stop awhile at Mermiston, Wash., with Mrs. Emma Johnson, the sister of Mr. Tibbles. Thence they will go to the Pacific coast and visit San Francisco, Los Angeles and other points of interest. Mr. Tibbles will return home via Denver and stop there a week or two with his son, John, who resides in that city. He will be gone two months.

#### SIDE ROD BROKE.

An accident which imight have been of a very serious consequence had it happened at any other time or place occurred Saturday afternoon at 3:38 when the driving rod on the engine pulling Wabash passenger train No. 4, which was laden with many passengers, broke with a loud report which could be heard for squares away, when the train was going up to the station in Peru, and had slowed up to make the stop. The train was sufficiently slackened in speed and other that a severe jolting the passengers were uninjured, and but few realized when the train pulled out of here with the changed engine that they had narrowly escaped being in a serious wreck.

#### SOME WABASH CHANGES.

Bulletins received in the city announce the promotion of some Wabash employes that are occasional visitors in Fort Wayne and are known to a number of our business men and manufacturers. J. L. Craig, traveling freight agent in Toledo, has been transferred to Chicago territory, which affords a better salary and is, therefore, in line of promotion. E. H. George, who was the commercial agent at Toledo, has succeeded Mr. Craig; T. C. Cornell, "street man" in Toledo, has been advanced to commercial agent and Mr. Davis, a rate clerk, has been appointed "street man" to succeed Mr. Cornell. These changes became effective last Friday.

#### ELECTRICIAN'S MIRACULOUS ESCAPE.

Herman Muldoon, an electrician at the Fort Wayne Electric works, suffered a painful injury to one of his arms when it was the medium through a current that was grounded. He was repairing a circuit brake and allowed his elbow to come in contact with a primary fuse and the member was badly burned. Until the wound entirely heals, Mr. Muldoon will have charge of the garage and he took up that work this morning. Frank Anderson, the regular garage man, is away on a vacation.

#### WILL TAKE EASTERN TRIP.

When east-bound Pennsylvania train No. 8 pulls out of Fort Wayne this evening it will carry four jolly young employes of the company who are going to make a two weeks' trip through the east. They are R. J. Miller, engine dispatcher; R. W. Cowen, engineer; E. P. Nolan, fireman, and F. C. Kelley, brakeman. They will go direct to New York city and spend a few days taking in the sights, and thence go to Boston and later to Atlantic City, stopping a few days in each place.

#### OLD SHOP FOREMAN DEAD.

William B. Turner, for forty-eight years foreman of the car department of the Wabash shops, died at his home, 215 Courtland street, Toledo, Saturday night, after an illness covering a period of nearly a year. Mr. Turner was 79 years old, and had resided in Toledo over fifty years, taking up an abode there shortly after arriving in America from England, his native country. He was well known to Wabash employes, and particularly to the older ones.

#### FOOT AND ANKLE SCALDED.

As he was getting ready to knock off work and go home at 6 o'clock this morning, G. E. Shinbeckler, employed in the night gang at the Fort Wayne Electric works, had one of his feet and the ankle painfully scalded when a valve was opened in some way and allowed the steam to escape. Although the wounds are painful, the attending surgeon does not apprehend any serious results.

#### WORK AT FAIRFIELD AVENUE.

The bridge and subway at Fairfield avenue and the Wabash road, are practically completed. The Moellering Construction company completed the brick pavement and the concrete sidewalks today and the Wabash had a big force of men filling in the space over the concrete slabs and ballasting with gravel. The tracks are all down and trains have been running over them for several days.

#### PETER SPANLEY INJURED.

While at work at a steam hammer in the Pennsylvania shops this morning Blacksmith L. P. Stanley drove his right hand against the tongs handles with such force that the bones of the little finger were fractured. He will be unable to work for two or three weeks. Mr. Spanley was a policeman before he took employment at the shops and is quite well known.

#### MARRIED IN CASCADE.

The employes of the Pennsylvania erecting shop were surprised this morning when Machinist E. F. Tolley passed the cigars among them, accompanied by the announcement that he was married last week at Cascade, Iowa. He went to that city ten days ago, but gave no intimation of matrimonial intentions when he started for that place.

#### SLEDGE DROPPED ON HIS FOOT.

While weilding a sledge yesterday afternoon at the Pennsylvania shops, the handle broke and the heavy hammer fell on the foot of Boilermaker Charles Kaiser, bruising the member very badly. He was taken to St. Joseph hospital where the injured foot was dressed by the company's surgeon.

#### MR. SHERBONDY RETURNS.

W. H. Sherbondy, general foreman of the electric department at the Pennsylvania shops, has resumed active work again, after two weeks at Rome City, where he spent the time in boating and fishing. Mrs. Sherbondy and the children will remain at the lake another two weeks.

#### INDUSTRIAL NOTES.

E. H. Rehling, a Pennsylvania shopman, is at Clear lake for a week's outing.

Barry Creigh, of the Pennsylvania machine shop, was presented with a baby son last Sunday.

E. H. Engle, a machine operator in the Pennsylvania shops for over a year, resigned this morning.

Nick Snyder, J. Lachlan and F. Entrallocker, of the Pennsylvania shops are sick and off duty.

James W. Louey, of the Wabash pipe shop, is at work again after a few days' enjoyment at the lakes.

Machinist Samuel Minnich, of the Pennsylvania shops, will go to Rome City Saturday to stay two weeks.

Boiler Foreman C. C. Dean, of the Wabash, was at Springfield yesterday on business connected with his office.

Pipefitter E. J. Schwanz resumed work at the Wabash shops yesterday. He was spending a week at the lakes.

G. W. Miracle, Wabash machinist, is in Huntington today looking after some private business and visiting friends.

P. B. Redewerski, machine operator in the Pennsylvania shops who was hurt June 25, has recovered and this morning was able to resume his duties.

Engineer W. H. Ferguson, of the G. R. & I., and his wife left today for Manistee, Mich., where they will spend a couple of weeks with relatives.

D. S. Kendry, machinist in the Pennsylvania erecting shop, reported for work this morning. He had his eyes injured by iron rust last week.

O. J. Baals, storekeeper at the Pennsylvania round house, who is spending his vacation at Lafayette, fishing and hunting, will return to his duties Friday.

C. E. Bradley and G. G. Strock machinists at the Pennsylvania erecting shop, resumed work this morning. They had been awey two weeks on a vacation trip.

The plank crossing of the Lake Shore on Fourth street has been taken up and crushed stone is being substituted. A large force of men commenced the work yesterday.

Boilermaker W. H. McWade, of the Wabash shops, is temporarily disabled through a piece of brass lodging in the ball of one of his eyes yesterday afternoon.

C. P. Smith, who resigned a position at the Traction company's power house some days ago, took employment as a fireman at the power plant of the Pennsylvania this morning.

Anthony Helpmeets' lodge, No. 224, Ladies' auxiliary to the B. L. F. and E., will hold its regular meeting in the hall at the corner of Main and Cherry streets tomorrow afternoon.

Machinist Joseph Schallenberger and Timner Frank Herr, of the Pennsylvania shops, resumed work this morning. For two weeks they were touring the east and having a good time.

After being disabled for six weeks with an injured leg, Carpenter C. F. Holman resumed work with Foreman Henry Shuster, of the carpenter department of the Pennsylvania shops this morning.

Earl C. Cowen, boiler helper at the Wabash shops for a few months, resigned this morning to take up other work. Ben Grashoff, a laborer in the same shop, also resigned.

The Degree of Honor will give an ice cream and card party in the Aldine hall this evening for the benefit of one of the members who has been sick for a number of weeks. The public is invited.

A special car will be provided for the Terre Haute ball players on G. R. & I. train No. 4 to-night. The club will go to Terre Haute via Richmond and the Panhandle road.

Pennsylvania Brakeman M. D. Masten sustained a broken nose Sunday when he was thrown against the side of the cab by the sudden movement of the engine. He left the train at Monroeville and came home.

Machinist and Mrs. William Hanson of Liberty street, will spend two weeks at Petoskey and Marina City this summer. They will leave next week for Petoskey. Mr. Hanson is employed in the Pennsylvania shops.

Peter Zurbuch, chief clerk at the Pennsylvania car shops, is taking his annual vacation and went to Rome City this morning to join his family and remain two weeks. Other members of the family went there Saturday.

Assistant Round House Foreman E. B. Hughes and Gang Foreman Fred Bulgemon of the Pennsylvnia round house, resumed their respective duties yesterday morning. They had been away a week or two on vacation trips.

Carl Burlage, of E. T. Wood's office, division freight agent for the Pennsylvania company at this point, left on Monday forenoon to spend a vacation of a week or ten days at Grand Rapids, Mich., and the summer resorts nearby.

General Supt. R. E. McCarthy, of the Pennsylvania Southwest system, with headquarters in Columbus, and his family will pass through Fort Wayne tonight on G. R. & I train No. 4. They have been at Walloon lake for a week or more.

Roy L. Olds, an erecting engineer for the Northwestern Gas Construction company, has returned from Greensboro, N. C., where he was engaged for four months in erecting a large gas holder. He will probably remain a week or two before entering upon a similar job in some other city.

W. S. Willson, who had been at Cleveland visiting his son, resumed his duties at the Fort Wayne Electric works this morning. Mrs. Willson was with her husband at Cleveland and passed through the fatigues of the journey in good shape. She had been sick.

Mr. Hufton, inspector for R. W. Hunt & Co., of Chicago, was in the city today, inspecting 500 car wheels at the Bass foundry for the Denver & Salt Lake road. Yesterday inspector Titus Johnson, of the New York Central, inspected 200 wheels for the Lake Erie & Western road.

Carl H. Hedding and William Kaiser, who resigned positions at the Fort Wayne Electric works Saturday, are now en route to Entoit, Wash., where they will take employment in a store with an uncle of Hedding. Other members of the Hedding family will go to that place later to reside.

Foreman George A. Szink resumed charge of affairs at the Pennsylvania blacksmith shop this morning, after an absence of two weeks. He returned this morning from Philadelphia where he visited his daughter two weeks. Mrs. Szink, who was with her husband, also returned home this morning.

Charles F. Malcolm, of Chicago, is here settling up affairs preparatory to taking up a permanent residence in Chicago, where he is a conductor in the Chicago and Northwestern company. Mr. Malcolm was the general yardmaster of the Wabash at this place for several years, resigning about a month ago.

Fireman E. R. Franklin of the G. R. & I., brought the information to his road associates this morning, when he reported for duty after an absence of a week or two, that he was the papa of a bright baby boy. The mother and child are with her parents at Walcottville, Ind., where Mr. Franklin also spent the past week or two.

Michael Lumm, for many years connected with the engineering department of the Wabash, was in the city awhile this morning, stopping off en route to Auburn Junction. Mrs. Lumm, who went to that place for a visit a short time ago, is ill and Mr. Lumm will remain with her and take her to their home in Peru when she is able to travel.

Miss Bertha Hermans, stenographer and clerk in the Wabash store house office, resumed that duty yesterday. She spent a week's vacation at Rouge City. Miss Irene Martin, another stenographer and clerk in Division Storekeeper C. E. Dale's office, will enter upon her vacation next Monday, when she will leave for Buffalo and Niagara Falls.

Columbia City papers announce the transfer of the Vandalia ticket agents at that place and Churubusco. C. L. Booher has gone to Sedalia, Ind., and Telegraph Operator Roy Allen has temporarily taken charge at Columbia City until G. W. Sheller, of Churubusco, can arrange his affairs so as to take charge of the office. Clarence Long will take charge of the Churubusco office.

#### A DAY WASTED.

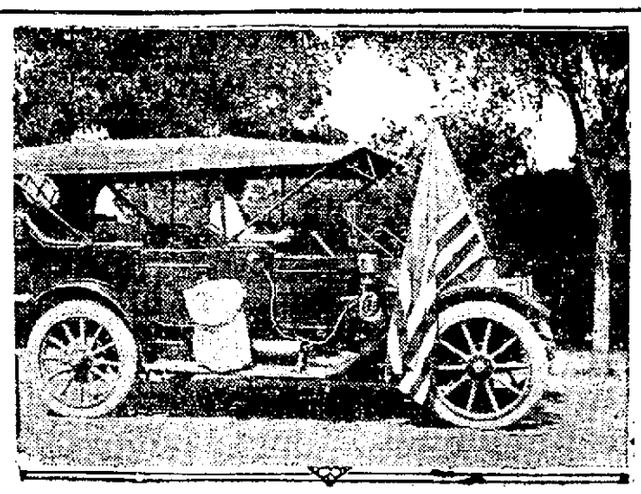
"What's the reason you weren't at school yesterday, Waldermar?"

"The circus ma'am."

"A little boy has no business wasting valuable study hours at a circus."

"That's what ma said, so she went and left me to watch the baby."

## HOW THE AMERICAN FLAG WENT WAVING INTO OLD MEXICO.



This special photograph from Correspondent N. M. Walker shows the United States state department automobile carrying the American flag in which Edwin E. Bryan, secret agent of the government, drove to Chihuahua City, over the northern Mexico desert, delivered the demand of President Wilson to the Mexican government for the release of Charles Biesel, Roland MacDonald and Ray Harrell, the three Americans in prison at Chihuahua City and under sentence to be executed for having papers from the revolutionary junta in El Paaso to the rebel leaders in the south. The news dispatches have told us that they were released.

## LOCAL BANKERS GET INVITATION

### Asked to Come to Washington to Confer With Secretary McAdoo

### AS TO MARKET FUNDS

Washington, Aug. 5.—Representative bankers of fifty-eight large cities in the agricultural regions of the south, middle west and Pacific coast were invited by Secretary McAdoo, yesterday, to come to Washington to confer with the treasury department regarding the distribution of the $5,000,000 of government funds about to the be deposited in the National banks of those sections to facilitate the marketing and moving of the crops.

This unprecedented step, which will call to Washington bankers from the centers that will finance the handling of the great crops soon to be harvested, is designed to give the secretary first-hand information and advice as to the specific and relative needs of each of the farming districts. It has been tentatively decided to place the deposits in the fifty-eight cities to be represented at the conference.

Invitations were sent by telegraph to the presidents of the clearing house associations in each of the cities, asking them to send representatives or committees to Washington to discuss arrangements for depositing the big sum. The conference with the representatives from the southern cities will be held at the treasury department Thursday, August 7, with those from the west Friday, August 8, and with those from the Pacific coast on Thursday, August 14.

Among the cities invited to be represented are: Chicago, Evansville, Fort Wayne, Indianapolis, Ind.; Louisville, Ky.; New Orleans, La.; St. Louis, Kansas City, Mo.; Detroit, Mich.; Cincinnati, Cleveland, Columbus, Ohio; Knoxville, Memphis, Nashville, Tenn.

Secretary McAdoo announced that it was not practicable to increase the number of cities, and that he believed those selected were thoroughly representative of the agricultural sections.

Treasury officials declared that the the entire $50,000,000 which has been offered will be deposited if the situation demands it. It was explained that care would be taken to prevent any undue inflation of the circulating volume of money and that the government would deposit only what was needed to assist in moving the crops with the stipulation that it must be returned to the treasury as soon as that need shall have passed. At the conference with the bankers, Secretary McAdoo will discuss the amount needed and the dates to be named for its gradual return of the money to the government.

The treasury department expects to begin making the deposits before the close of August, and gradually to feed the money into the selected centers as the demand grows through the crop-moving period.

#### CITY BREVITIES.

Miss Jessie Loth, of 528 Wayne street, has resigned her position in the corset department of Wolf & Dessauer to take a similar position with the Rhode Dry Goods company.

Corporal Frank Adams, of the army recruiting station, says that during last week a dozen men applied for entrance in the army, but he was forced to reject almost all of them because they were not able-bodied.

Textile Workers, No. 765, will give an ice cream social at Swinney park, August 19. The Elks' band will furnish the music, and the committee on arrangements is composed of the following: Ernest Arick, chairman; Walter Stoelzer, Frank Weber, Otto Wefel, William Moench, Arnold Renter and Ben Sommers.

Bert Ely has purchased the interest of his partner, Frank Warner, in the cigar and tobacco store at 822 Calhoun street, and hereafter the firm will be known as the Ely Cigar company. It is said the consideration was $8,000. Mr. Warner has recently studied the art of mechanical decoration for windows, and has perfected numerous and attractive devices which he will later manufacture and put on the market.

The mother of Harold A. Manet, the seventeen-year-old youth who enlisted last Saturday for service in the United States navy, is attempting to bring him back to Bluffton where she is residing at present. The boy's birth certificate was signed by his father, who also gave Officer Rife consent to enlist him. The mother declares the recruiting officer had no right to enlist her son without her knowledge. It is thought that her efforts to bring her son back home will be fruitless, as the government, it is said, holds the father as the legal guardian.

## DOCTORS COME TO AN AGREEMENT

### Now Concede That the Cure of Disease is Brought About Through the Blood Stream.

### Practice of Medicine Rapidly Becoming an Exact Science.

For many generations the people have been led to believe that the only good medicine would do was through an empirical standpoint or because certain remedies were given solely from the fact that some one else had been cured by them. All this is changed today. Instead of resorting to surgical operations when everything else had failed, medical science has made such wonderful progress that when a proper diagnosis is given that the cure of chronic diseases can be almost accurately foretold.

The most learned physicians of the present time now understand that these conditions are cured through the blood stream by increasing the red cells and stimulating all metabolitic processes. This does away with surgery in almost all cases, although surgery at times is necessary.

Today the great pathological institutes for original research work, the heads of the great established laboratories of this world have realized that the cure of most diseases can be accomplished without surgery and must be done through the blood stream itself. The United Specialists have kept themselves abreast of every advance in medical science and have proven to many people of Fort Wayne that many so-called surgical diseases can be cured through the scientific administration of medicine. Of course, the successful treatment of disease must depend on a thorough understanding of any case and an absolute diagnosis of the conditions. These specialists through years of experience and their wonderful mechanical equipment can diagnose correctly nearly every doubtful and deep-seated condition. As an example of their wonderful blood cell-building methods, Mrs. Mary Ince, of Fort Wayne, writes:

Fort Wayne, Ind.
Aug. 1.

To the Public:

I had been ill for five years. I had been doctored by a great many physicians outside of Fort Wayne and by two physicians in Fort Wayne, besides taking a great many patent medicines. I had constant pain in my side, had sick headaches and vomiting spells and had to discontinue work of any kind many times during my illness. Some doctors wanted to operate on me. I began treatment with the United Specialists July 9th. Have had none of the old pain, vomiting, spells or headaches since I began treatment. Anyone is welcome to ask me as to my condition. I am satisfied that if I continue my treatment I will obtain a complete cure.

Yours truly,
MRS. MARY INCE,
2719 Winter St.

These testimonials from the public should convince the most skeptical as to the good work being done by these physicians. Mrs. Ince had only taken treatment for three weeks and cheerfully wrote this testimonial so that other people might get the benefit of their skill.

Many men who had formerly been treated for years have asked the United Specialists to refer other men to them. They treat all chronic and nervous diseases, including Goitre, Rheumatism, All Stomach and Intestinal Troubles, Rectal Disease, Epilepsy and all Special Diseases of Men and Women.

Their offices are located at 121 East Washington Blvd. They will examine the afflicted free of charge. They accept no incurable cases. Their hours are from 9-12, 1-5, 7-8 and 9-12 Sunday. —Adv.

## The Cutest Baby

The cutest baby at the baby show may not be the handsomest, neither may the handsomest be the cutest. The cutest may be just a little bundle of humanity with no special physical points in its favor, but it will have its own little mannerisms and its own little distinctions. The cutest baby will receive an exquisite silver cup and plate with a beautiful silver knife, fork and spoon. —Adv.

### THE "BLUES."

**A Lady Finds Help From Simple Food.**

Civilization brings blessings and also responsibilities.

The more highly organized we become the more need there is for regularity and natural simplicity in the food we eat.

The laws of body nutrition should be carefully obeyed, and the finer more highly developed brain and nervous system not hampered by a complicated, unwholesome dietary.

A lady of high nervous tension says:

"For fifteen years I was a sufferer from dyspepsia. I confess that an improperly regulated diet was the chief cause of my suffering. Finally, nothing that I ate seemed to agree with my stomach, and life, at times, did not seem worth living.

"I began to take a pessimistic view of everything and see life through dark blue glass, so to speak. My head became affected with a heavy creeping sensation and I feared paralysis.

"Palpitation of the heart caused me to fear that I might die suddenly. Two years ago, hearing Grape-Nuts so highly spoken of by some estimable friends of mine, I determined to try it.

"The change in my condition was little less than miraculous. In a short time the palpitation, bad feeling in head and body began to disappear and the improvement has continued until at the present time I find myself in better health than I have ever enjoyed.

"My weight has increased 20 lbs. in the last year and life looks bright and sunny to me as it did when I was a child."

Name given by Postum Co., Battle Creek, Mich.

"There's a Reason," and it is explained in the little book, "The Road to Wellville," in packages.

### GRAIN AND PROVISIONS.

**Chicago Market.**

Chicago, Aug. 5.—General selling on an advance turned the corn market today sharply down grade. September, which started at 70c to 70¼c, fell to 69c.
The close was nervous with September ⅜c to ½c net lower at 49½@49¾c.
Wheat broke under large sales by a few prominent houses. September opened at 87⅝@87½c to 87¼c, touched 87⅛@87⅜c and dropped to 86⅜c.
The close was steady at 86⅛@86¼c for September, a net loss of 1¼@1⅜c.
Longs unloading more than wiped out an advance in oats. September started at 42⅜c to 42⅝c but reacted to 41⅞c.
Packers buying lifted provisions. First transactions with September were: Pork, $20,35; lard, $11.37½ to $11.40; ribs, $11.22½.

### THE DAY ON WALL STREET.

New York, Aug. 5.—The stock market showed a firm undertone at the opening of today's operations. Southern Pacific, Erie 2nd pfd., Reading, Steel, American Locomotive and "Sou" showed substantial fractional advances. Amalgamated and Canadian Pacific were the only active issues to record declines. Trading was fairly active and broad.
The improvement shown by stocks yesterday was more than substained in today's early dealings.
Steel was most active, touching 61, its best price for the movement. Bonds were irregular.
The market closed strong, best prices of the day and in many instances, for the present movement were recorded in the final hour. Persistent buying of Steel and Union Pacific assisted the active list in which advances of 1 to 2½ points were general. American writing paper preferred lost 3¾ points on a report that the dividend had been passed. Most of this loss was recovered when the report proved to be erroneous.

### NEW YORK MONEY MARKET.

### LOCAL FORECAST.

Fort Wayne, Ind., Aug. 5.—Fort Fort Wayne and vicinity: Fair tonight; Wednesday, probably showers; warmer.

### GENERAL FORECAST.

Washington, Aug. 5.—For Indiana—Generally fair tonight and Wednesday; slowly rising temperature.
For Ohio—Fair tonight, slightly warmer north and west portions; Wednesday probably fair and warmer.
For Lower Michigan—Unsettled, probably local showers late tonight or Wednesday; rising temperature.

### SUMMARY OF WEATHER CONDITIONS

While moderate temperatures have continued over the central and eastern portions of the country, high temperatures were recorded in the middle west yesterday, 95 to 100 degrees having been general over the Dakotas, Nebraska, Kansas and Oklahoma. Some rains occurred over the Atlantic coast districts, and a few light scattered showers over the upper Missouri valley, but over nearly all other portions of the country fair weather has prevailed during the last 24 hours.
A moderate storm seems to be developing over the Missouri valley, giving cloudy and unsettled conditions over portions of the northwest; it will probably spread eastward, and give cloudy and unsettled weather in this section Wednesday with probably showers, preceded by fair weather tonight; slightly warmer weather is indicated for this section.

### CHIROPODISTS IN SESSION.

**Foot Doctors Want Profession Put on Higher Plane.**

New York, Aug. 5.—More than 400 members of the National Association of Chiropodists, some of them coming from points as far distant as San Francisco, are holding a three day convention here with the principal business in view being a campaign to obtain uniformity in the various state laws relating to chiropidy. New York state and New Jersey statutes are held up as models. Charles P. Stevens, one of the speakers, declared that the medical profession today was "responsible for the contempt shown in many quarters for chiropidy, despite the fact that sixty per cent. of the people suffer ailments of the feet." He and other speakers urged that the practice of chiropidy be put on a higher plane. Clara S. Houston, known in Chicago as "the girl with the perfect feet," is one of the delegates to the convention.

While making repairs on his automobile at the Pennsylvania Place addition, E. H. Kilbourne lost $101 from his coat. Not missing the money until he returned to his office, he with Franklin Randall went back to the new addition and found the wallet lying in the road.

# MANY DISTRICT DELEGATES HERE

### Practically All Representatives Arrive for Opening of Synod.

### AT ST. PAUL'S CHURCH

Practically all of the delegates to the central district convention of the Missouri synod of the Evangelical Lutheran church were expected to arrive in the city this afternoon in time for the opening services which will be held tonight at St. Paul's church, Barr and Madison streets. The delegates are to include pastors, professors, teachers, and lay churchmen, together with a number of guests, and will number about 500. Members of St. Paul's, Zion's and Concordia congregations are quartering the guests in their homes.

Rev. P. Brand, of Pittsburgh, general vice president of the Missouri synod, is to represent the synod at the sessions of the convention, and will deliver the address at the opening services tonight. During his speech he will enumerate some of the points which should be taken up during the convention. St. Paul's choir will assist at the service, and will sing numbers from Dudley Buck and Jadassohn.

Official sessions of the convention will commence tomorrow morning in the auditorium of Concordia college, with Rev. J. Wefel, of Cleveland, district president, presiding. At this meeting such committees as are necessary will be appointed. At noon dinner will be served by the ladies of the three congregations in the gymnasium of the college.

A musical recital will be given Wednesday evening, and the "Mass in E Flat," by H. Farmer, is to be sung by St. Paul's choir under the leadership of Fred Schroeder. An hour is required to sing this mass. George Weller, organist at St. Paul's, will also play several numbers.

The convention will hold meetings here during an entire week, the sessions closing next Tuesday.

## LIND OFF O MEXICO CITY

(Continued from Page 1.)

tion of Provisional President Huerta in favor of the provisional president selected by the Mexican factions, the new president to be first appointed minister of foreign relations in conformity with the law of succession in Mexico.

**An Unifficial Ambassador.**

It was pointed out in administration circles today that while Mr. Lind's position now is that of adviser to the American ambassy he will act in reality as an unofficial ambassador to be named ambassador when a stable government is organized and recognition is extended by the United States.

Just what part Mr. Lind will take in peace negotiations is not made clear here but there is every reason to believe that he will merely represent the views of the American government to those who consult him and will not directly interfere with the progress of events, unless the Washington government finally decides to mediate the dispute.

Secretary Bryan said that Mr. Lind would take a ship from New Orleans if he could save time by such a route, and otherwise would go to Galveston, Texas, to embark on the New Hampshire.

**Calls It State of War.**

Recognition of a state of public war in Mexico, and of American neutrality between the "belligerents," was demanded in a resolution today by Representative Stephens, democrat, of Texas. It would repeal the neutrality law prohibiting exportation of arms to Mexico. No action was taken and the resolution was referred to the rules committee. Another by Stephens proposing a commission to attempt a settlement of Mexican affairs is also pending there.

The resolution introduced today declares there is not now in Mexico any established government worthy of recognition by the United States.

### CAUSED NO SURPRISE.

Mexico City, Aug. 5. The acceptance of Ambassador Wilson's resignation did not cause any great surprise here, as it had been generally expected that his views would prevent his retention of the post.

The retiring ambassador's course during the exciting days of February met with the approval of most foreign residents here, and his retirement is therefore a matter of regret to many.

The appointment of John Lind of Minnesota as the personal representative of President Wilson and "adviser" to the American ambassy in Mexico City is regarded here as tantamount to his selection as successor to Henry Lane Wilson. The news created surprise as it had been generally believed here that John E. Lamb, of Terre Haute, Ind., had been chosen for the place. Mr. Lind is practically an unknown quantity among the American colony. Mexican officials refrain from making any comment on his appointment giving as excuse the unofficial character of his position and a lack of knowledge of the man.

### OLD NIAGARA AT MILWAUKEE.

**Perry Flagship Is Given Great Ovation Upon Its Arrival.**

Milwaukee, Wis., Aug. 5.—The Perry flagship Niagara, with her escort was given a great ovation on her arrival in Milwaukee today. There was dipping of colors, blowing of whistles and ringing of bells by all craft in the harbor and in Juneau park, Lake Front, 1,500 boys dressed in red, white and blue capes representing a human flag sang the Star Spangled Banner. The program included a reception and luncheon for the Perry guests and in the afternoon a red, white and blue automobile parade. Band concerts in all the parks will feature the evening.

### TOUCHES ON RECENT RIOTS.

**Berger Advises Seattle Socialists to Sue the City.**

Seattle, Wash., Aug. 5. Victor Berger, former congressman from Wisconsin, delivering an address on scientific socialism to a large audience last night, touched on the recent riots here briefly, saying that the Seattle socialists would not be law abiding citizens if they did not sue the city to recover the value of their property that was destroyed by the mob. He warned those who encouraged mob violence that their own property would not be safe when the "other fellows" began rioting.

"The red flag stands for international brotherhood," he said.

"You should respect and love it. The American flag stands for the first experiment in political democracy. You should respect and love it."

## POLICEWOMEN ON DUTY IN CHICAGO

(Continued from Page 1.)

railroad stations and will try to keep young folks off the streets late at night. They will obtain information rather than make arrests, although on occasions they may be called upon to arrest some one.

Whether the policewomen shall wear brass buttons and carry revolvers and clubs will be decided after civil service examinations for the positions.

**Given a List of "Don'ts."**

Before the finest of Chicago's "finest" started off for their beats they were instructed in their new duties by the chief and Assistant Superintendent Schuettler. Mrs. Gertrude Howe Britton, of the juvenile protective association, also addressed the policewomen. She said that Chicago's boys and girls were particularly the object of their care and watchfulness. Chief McWeeny delivered a long list of "don'ts" to be observed by the new minions of the law. Some of them were:

"Don't stretch the truth.

"Don't be too stern; have compassion.

"Present all cases fairly and squarely.

"Don't be nosey.

"Don't complain about long hours.

"Don't use too much force in making arrests.

"Don't talk more than necessary, let your commanding officers do most of the talking."

**Promise Some "Pinches."**

Some of the new members of the force promised a "pinch" before nightfall.

"Why, I know I can arrest somebody today," exclaimed one of the youngest with a burst of enthusiasm. "The park is just full of spooners who should make love at home."

"Well, now that is just the trouble with some of you new—er—cops," responded the chief. "I just gave you and the others orders not to stretch a point. I said when you get a fellow or girl feloniously, intentionally, willfully and—what is that other word the statute says—with malice aforethought—that's it, why bring them in. But don't go too far."

The women then were sworn in and each given a police whistle, fire and patrol box key, a book of rules and a regulation police star. Two of the women appointed failed to appear and sent in no word to Chief McWeeny.

## MARSHALL JUST HATES TO REFUSE

### But is Resolutely Turning Down Invitations to Speak.

### HE SEES NO VACATION

Washington, Aug. 5. Surfeited with invitations, Vice President Marshall is declining all bids to make speeches and is resigning himself to the probability that congress will be in session a long time.

He has just received one invitation that he would like to accept, but does not feel justified in breaking over his rule. The Jefferson club of Fort Wayne purposes to hold a jollification in the latter part of August and desires Mr. Marshall as the star attraction.

There is to be a great big "doings" at Keokuk Aug. 26 at the completion of a mammoth water power project. The vice president is being urged to go there to give the proper tone to the ceremonies, but he has declined.

Another invitation bidding him too a carnival at Ocean Grove, N. J., also has been declined.

The vice president can peer through the future far enough to see that his summer vacation is knocked into a cocked hat. For a good many years it has been his custom to spend his vacation at Petoskey, but from all indications the Petoskey season will be over long before congress adjourns.

If there is a sufficient hiatus between the present extra session and the regular session that will begin next December the vice president and Mrs. Marshall probably will go to Arizona for a visit with her parents, who reside there.

afire. We did not wait but grabbed up the first pieces of clothing that came to hand and ran from the burning building."

As the women left the train at the station here, they presented a sorry appearance. Wrappers, kimonos and such formed the wearing apparel of most of them. Hair was loosely knotted on their heads and in many cases straggling down their backs.
